Fort Ord Reuse Authority 2013 Legislative Agenda

Approved by the FORA Board of Directors November 16, 2012

[Draft amendments are presented per February 25, 2013 Committee instruction
\(to be considered for approval May 6, 2013\)](#)

The purpose of this report is to outline legislative tasks FORA will pursue in 2013. The 2013 Fort Ord Reuse Authority ("FORA") Legislative Agenda defines Board/ policy legislative, regulatory, or federal/state resource allocation positions. The Legislative Agenda supports the Reuse Plan by replacing the former Fort Ord military regional economic support with comparable level civilian programs. The Legislative Agenda in this report is meant to assist state and federal agencies/legislative offices regarding such things as property transfer, economic development, environmental remediation, habitat management, and infrastructure and mitigation funding. The order in which the tasks are given in this report does not imply rank order priorities. Each item is considered a "priority" in achieving FORA's objectives.

A. VETERANS CEMETERY. Continue support for the California Central Coast Veterans Cemetery ("CCCVC") development on the former Fort Ord and implement the terms of recently enacted State Law AB1757 (2010), AB629 (2011), and AB1842 (2012).

ISSUE: Burial space for California Central Coast veterans is inadequate. Former Fort Ord is centrally located with a site designated in the 1990s for a new veterans' cemetery. Assembly member Bill Monning authored legislation to help finance the State Veterans Cemetery on former Fort Ord. The new state laws allow FORA to assist in generating money needed to develop the veterans' cemetery. A significant amount of coordination must occur between FORA and California Department of Veterans Affairs (CDVA) to carry out CDVA's expanded contracting authority to contract with FORA for completion of cemetery design and construction.

- **Benefits:** The CCCVC would provide burial space for the region's approximately 50,000 veterans. Congressman Sam Farr has worked to sustain this cemetery in its current location as a top priority for funding.
- **Challenges:** Although the Federal government reimburses the entire cemetery construction cost, the State of California must apply for inclusion in the State Veterans Cemetery program before initiating construction. The cost of design and processing is expected to be more than \$2M – with FORA's help that cost could be contained by 25%. Implementing recently enacted State Law (AB1757, AB629, and AB1842) will require FORA to work closely with California Department of Veterans Affairs, CA Department of General Services and, potentially, close coordination with other state entities. Operating and maintaining the CCCVC (estimated at \$200,000 +/- per year) must have a guaranteed payer to the trust account/endowment.
- **Proposed Position:**
 - Support implementation of AB1842, budget actions and funding options to design, build and operate the CCCVC;
 - Support efforts to sustain priority standing for the CCCVC with the CA and US Departments of Veterans Affairs; and
 - Insist on continued vigilance and cooperation among the regulatory agencies.

- Continue to work with federal agencies and the 17th Congressional District to secure language adjustments that would enable additional federal funding and/or status for the California Central Coast Veterans Cemetery.

B. NATIONAL MONUMENT. Help implement federal National Landscape Conservation System (“NLCS”) designation for the former Fort Ord Bureau of Land Management (“BLM”) Natural Resource Management Area. President Barrack Obama has designated the former Fort Ord Public Lands as the “Fort Ord National Monument.” Supporting the implementation of trails access and munitions and explosives removal on certain portions of the National Monument remains crucial.

ISSUE: Habitat Conservation Plan (“HCP”) approval and implementation are essential to former Fort Ord reuse and will support the National Monument. Advancing access will connect the National Monument to other venues in the Monterey Bay. State and National funding and further recognition are critical.

- **Benefits:** National attention to the unique flora, fauna and recreational resources found on Fort Ord National Monument supports Fort Ord Habitat Management Plan and HCP preservation. Since availability of public and private grant funding fluctuates, having an appropriate national designation emphasizes the national significance of BLM’s former Fort Ord property to potential donors and other funding sources. By advocating for the BLM National Monument designation, FORA has supported the BLM mission and former Fort Ord recreation and tourism, helping BLM become more competitive for resources.
- **Challenges:** Each year, the local BLM office competes nationally to receive public and private grants and federal appropriations that support its mission.
- **Proposed Position:** Continue support – work with Congressman Farr’s office to introduce/sponsor funding support for former Fort Ord conservation, trails, etc.

C. AUGMENTED WATER SUPPLY. Work with local and regional agencies to secure State and Federal funding to augment FORA’s water supply capital needs.

ISSUE: The FORA Capital Improvement Program includes approximately \$45,000,000 to fund the Regional Water Augmentation Program for the necessary Base Reuse Plan supplemental water needs for complete build-out. Securing funds to assist this requirement could help the timely implementation of the recycled water and desalination water facilities.

- **Benefits:** Development permitted under the Base Reuse Plan, depends on an augmented water supply project. Additional grant funding could reduce acre-feet per year costs of securing water resources for the jurisdictions and reduce the hefty capital charges that may otherwise be required.
- **Challenges:** Competing water projects throughout the Region and State for scarce money. No current federal program exists for this funding.
- **Proposed Position:** Support and coordinate efforts with Marina Coast Water District (MCWD), Monterey County Water Resources Agency (MCWRA), Monterey Regional Water Pollution Control Agency (MRWPCA), other agencies and FORA jurisdictions for securing funding and/or to endorse the use of other fund mechanisms proposed for this purpose. Continue to work with MCWD to ensure that they fulfill their contractual obligation for water augmentation.

D. TRANSPORTATION IMPROVEMENTS. Work with the Transportation Agency for Monterey County (“TAMC”) and local jurisdictions to secure transportation funds.

ISSUE: The FORA Capital Improvement Program requires capital and monetary mitigations of more than \$112,000,000 for transportation infrastructure on and proximate to the former Fort Ord. Some of this funding requires a local, or other, match from the appropriate regional or state transportation body to bring individual projects to completion.

- **Benefits:** The timely installation of required on-site, off-site and regional roadway improvements supports accommodating development impacts and maintaining and improving levels of service vital to the regional economy.
- **Challenges:** Applying scarce transportation funds to the appropriate projects to optimize transportation system network enhancements. Remaining federal and state programs offering grants or low cost resources are dwindling and increasingly competitive.
- **Proposed Position:** Support and coordinate with TAMC, FORA jurisdictions and others for state infrastructure bonds, federal authorization or other grant/loan/low cost resources.

E. BASEWIDE AND CSUMB BUILDING REMOVAL IMPACTS. Lobby for state funds to mitigate the regional impacts caused by development of CSUMB. Support California State University's ("CSU's") requests for campus impact mitigation funds for the CSU Monterey Bay ("CSUMB") campus. Coordinate with CSUMB on requests for building removal and contaminant waste abatement on the campus and elsewhere on the former Fort Ord.

ISSUE:

1. In July 2006, the State of California Supreme Court ruled that CSU must mitigate off-campus impacts from CSUMB campus development/growth. In order to fund its obligations, CSU requests funds from the State Legislature.
 2. Contaminated building removal is a significant expense to CSUMB (\$26 million) and other former Fort Ord land use entities (\$43 million). A coordinated effort is more likely to achieve funding success and in both FY 2010-2011 and 2011-2012 FORA assisted CSUMB in making application for funding from DOD to fund certain building removal efforts. Clearing the remnant structures will: improve the overall perception of reuse progress, increase safety by eliminating the attractive nuisance and ongoing vandalism, reduce the "cover" for illegal dumping and remove potential exposure to certain contaminants within the structures."
- **Benefits:** Supporting state budget approval of off-campus mitigation impact funding requests helps address CSU's fair share contribution. Similarly, a coordinated effort to secure building removal resources will help all levels of the regional reuse program. Securing financial aid to remove the FORA basewide building removal obligations allows for earlier improvement of the public safety issues and reuse access.
 - **Challenges:** Competition for state funds will be keen. CSUMB is only one in the 23-campus system – all seeking capital and other funds.
 - **Proposed Position:** Support state budget off-campus impact and building removal earmarks requested by CSU for the CSUMB campus and continue coordination with CSUMB for federal support. Support funding for research on the scope and scale of building removal as compares to others in the nation. Support funding to clear buildings in areas slated for development.

F. PUBLIC SAFETY OFFICER TRAINING. Work with the County of Monterey to assist Monterey Peninsula College ("MPC") to obtain capital and program funding for its former Fort Ord Public Safety Officer Training Programs.

ISSUE: FORA/County agreed to assist MPC in securing program funds in 2003.

- **Benefits:** The Public Safety Officer Training Program is an important component of MPC's Fort Ord reuse efforts, and will enhance public safety training at the regional and state levels. Adequate funding is critical.
- **Challenges:** Funds available through the Office of Homeland Security, the Office of Emergency Services, or other sources may be restricted.
- **Proposed Position:** Pursue legislative or other actions to support MPC efforts to secure funding sources.

G. HABITAT CONSERVATION PLAN. Continue/enhance ongoing coordination with Congressional and state legislative representatives to secure approval of the Habitat Conservation Plan (“HCP”).

ISSUE: HCP approval remains critical to former Fort Ord reuse. Alternatives to a basewide HCP are costly and time consuming and do not effectively serve the goal of managing or protecting endangered species.

- **Benefits:** HCP approval is essential to protecting habitat and effectively developing jobs and housing for the region.
- **Challenges:** Processing the HCP in past ten years has been frustrating and costly. Insufficient federal and state agency resources and overlapping regulatory barriers have thwarted the HCP process.
- **Proposed Position:** Support legislative and regulatory coordination, state and federal resources, and strong advocacy to enable speedy reviews and processing

H. REUSE FINANCING. Support statewide efforts to create local jurisdictions financing tools to assist reuse and recovery of former military bases.

ISSUE: The loss of “Redevelopment Financing” as a tool to implement base closure recovery was a heavy blow to FORA’s member jurisdictions that need financial tools to support economic reuse/development initiatives.

- **Benefits:** Sufficient funding resources for the reuse and recovery from former Fort Ord closure and other military bases. Funding support for habitat management protection, building removal, or other infrastructure demands associated with the reuse programs.
- **Challenges:** Obtaining agreement to use tax or special district funds to create special financing districts to support targeted economic recovery, affordable housing and/or infrastructure in the climate of limited resources. Currently, there is an unclear transition process regarding the demise of prior redevelopment agencies that may generate litigation.
- **Proposed Position:** Support legislation reactivating local agency processes for economic development; support establishment of Military Base Reuse Recovery Zones; provide leadership on these initiatives.

I. LEGISLATIVE COOPERATION. Coordinate efforts with other Monterey Bay agency legislative issues.

ISSUE: Monterey-Salinas Transit, Transportation Agency for Monterey County and the County of Monterey have adopted legislative programs, some will have Fort Ord reuse impacts.

- **Benefits:** ~~Collaborative efforts for funding by agencies~~ Agency coordination involved in pursuing legislative the same or interdependent projects will ~~programs will~~ increase the chances to ~~obtain critical funding and also be enhanced by partnering matching funds~~ secure legislative support for reuse programs.

- **Challenges:** State and federal ~~funding is limited and competition for available funds will be keen~~ legislative efforts are time consuming and uncertain.
- **Proposed Position:** Coordinate and support other legislative programs in the Monterey Bay area when they interface with former Fort Ord reuse programs.

J. GRANT FUNDING AND RESOURCES. Coordinate efforts with Fort Ord jurisdictions and Monterey Bay regional agencies to secure grants and resources to support recovery.

ISSUE: FORA and regional entities rely on both federal and state financial and other resources to support infrastructure, habitat conservation, planning and engineering, and other demands of the recovery program. Coordination with CSU Monterey Bay, Monterey-Salinas Transit, Transportation Agency for Monterey County, City of Seaside, City of Marina, Monterey Peninsula College, County of Monterey and other agencies have successfully resulted in beneficial grants, loans and other resources to former Fort Ord adopted programs.

- **Benefits:** Collaborative efforts for federal and state funding involved in the same or interdependent projects will increase the chances to obtain critical resources and also be enhanced by partnering/leveraging matching funds.
- **Challenges:** State and federal funding is limited and competition for available funds will be keen.
- **Proposed Position:** Coordinate and grant and funding programs in the Monterey Bay area when they interface with former Fort Ord reuse programs.

The bill would authorize the district to pledge revenues or other moneys available to the district from any source, including a transactions and use tax, to payment of those bonds. The bill would impose a maximum amount of \$50,000,000 on revenue bonds that may be issued by the district. Location: 4/22/2013-A. TRANS.

Calendar: 4/29/2013 1:30 p.m. - State Capitol, Room 4202 ASSEMBLY TRANSPORTATION, LOWENTHAL, Chair

Summary: Existing law creates the Monterey-Salinas Transit District and the Santa Cruz Metropolitan Transit District with various powers and duties relative to the operation of public transit in those counties. Existing law generally requires vehicles to be driven upon the right half of a roadway, defined to include only that portion of a highway improved, designed, or ordinarily used for vehicular travel. Existing law generally prohibits the driver of a vehicle from overtaking and passing another vehicle by driving off the paved or main-traveled portion of the roadway. The bill would authorize the Monterey-Salinas Transit District and the Santa Cruz Metropolitan Transit District to conduct a transit-bus only program using the shoulders of certain state highways as transit-bus only traffic corridors, subject to approval by the department and the Department of the California Highway Patrol. The highway segments to be used for the program would be jointly determined by the districts and the department. The bill would thereby authorize the operation of transit buses on the shoulder of a segment of a state highway designated under the program within the areas served by the transit districts. The bill would require the districts to actively work with the department and the Department of the California Highway Patrol to develop guidelines that ensure driver and vehicle safety and the integrity of the infrastructure. The bill would require monitoring of the state of repair of the highway shoulders used in the program, and would require the districts to be responsible for all costs attributable to the program.

Summary: Existing law authorizes a legislative body, as defined, to create an infrastructure financing district, adopt an infrastructure financing plan, and issue bonds, for which only the district is liable, to finance specified public facilities, upon voter approval. Existing law authorizes an infrastructure financing district to fund infrastructure projects through tax increment financing, pursuant to the infrastructure financing plan and agreement of affected taxing entities, as defined. This bill would revise and recast the provisions governing infrastructure financing districts. The bill would eliminate the requirement of voter approval for creation of the district and for bond issuance, and would authorize the legislative body to create the district subject to specified procedures. The bill would instead authorize a newly created public financing authority, consisting of 5 members, 3 of whom are members of the city council or board of supervisors that established the district, and 2 of whom are members of the public, to adopt the infrastructure financing plan, subject to approval by the legislative body, and issue bonds by majority vote of the authority by resolution. The bill would authorize a public financing authority to enter into joint powers agreements with affected taxing entities with regard to nontaxing authority or powers only. The bill would authorize a district to finance specified actions and projects, and prohibit the district from providing financial assistance to a vehicle dealer or big box retailer, as defined. The bill would create a public accountability committee, as specified, to review the actions of the public financing authority. This bill contains other related provisions and other existing laws.

LEGISLATIVE COUNSEL'S DIGEST

AB 1080, as amended, Alejo. Community Revitalization and Investment Authorities.

The Community Redevelopment Law authorizes the establishment of redevelopment agencies in communities to address the effects of blight, as defined. Existing law dissolved redevelopment agencies and community development agencies, as of February 1, 2012, and provides for the designation of successor agencies.

Existing law provides for various economic development programs that foster community sustainability and community and economic development initiatives throughout the state.

This bill would authorize certain public entities of a community revitalization and investment area, as described, to form a community revitalization plan within a community revitalization and investment

authority (authority) to carry out the Community Redevelopment Law in a specified manner. The bill would require the authority to adopt a community revitalization plan for a community revitalization and investment area and authorize the authority to include in that plan a provision for the receipt of tax increment funds.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. (a) Certain areas of the state are generally
2 characterized by buildings in which it is unsafe or unhealthy for
3 persons to live or work, conditions that make the viable use of
4 buildings or lots difficult, high business vacancies and lack of
5 employment opportunities, and inadequate public improvements,
6 water, or sewer utilities. It is the intent of the Legislature to create
7 a planning and financing tool to support the revitalization of these
8 communities.

9 (b) It is in the interest of the state to support the economic
10 revitalization of these communities through tax increment
11 financing.

12 (c) It is the intent of the Legislature to authorize the creation of
13 Community Revitalization and Investment Authorities to invest
14 tax increment revenue to relieve conditions of unemployment,
15 reduce high crime rates, repair deteriorated or inadequate
16 infrastructure, promote affordable housing, and improve conditions
17 leading to increased employment opportunities.

18 SEC. 2. Part 1.87 (commencing with Section 34191.50) is
19 added to Division 24 of the Health and Safety Code, to read:

35 (h) At any time after the authority is authorized to transact
36 business and exercise its powers, the legislative body or bodies of
37 the local government that created the authority may appropriate
38 the amounts the legislative body or bodies deem necessary for the
39 administrative expenses and overhead of the authority.

1 The money appropriated may be paid to the authority as a grant
 2 to defray the expenses and overhead, or as a loan to be repaid upon
 3 such terms and conditions as the legislative body may provide. If
 4 appropriated as a loan, the property owners within the plan area
 5 shall be made third-party beneficiaries of the repayment of the

 24 within the area and a program for construction of adequate

 30 of tax increment revenues pursuant to Section 33670 in its
 31 Community Revitalization and Investment Plan shall dedicate at
 32 least 25 percent of allocated tax increment revenues for affordable
 33 housing purposes. If the authority makes a finding that combining
 34 funding received under this program with other funding for the
 35 same purpose shall reduce administrative costs or expedite the
 36 construction of affordable housing, then an authority may transfer
 37 funding from the program ~~to a private nonprofit corporation,~~ to

22 each property owner within the area at a meeting held at least 30
23 days prior to the notice given for the first public hearing. The
24 purposes of the meeting shall be to allow the staff of the authority
25 to present the draft plan, answer questions about the plan, and
26 consider comments about the plan.

27 (c) (1) Notice of the first public hearing shall be given by

28 become effective in the tax year that begins after the December 1
29 first following the adoption of the plan.

30 (d) At any time prior to or after adoption of the plan, any city,
31 county, or special district, other than a school entity as defined in
32 subdivision (n) of Section 95 of the Revenue and Taxation Code,
33 that receives ad valorem property taxes from property located
34 within an area may adopt a resolution directing the county
35 auditor-controller to allocate its share of tax increment funds within
36 the area covered by the plan according to Section 33670 to the
37 authority. The resolution adopted pursuant to this subdivision may
38 direct the county auditor-controller to allocate less than the full
39 amount of the tax increment, establish a maximum amount of time
40 in years that the allocation takes place, or limit the use of the funds

1 by the authority for specific purposes or programs. A resolution
2 adopted pursuant to this subdivision may be repealed and be of no
3 further effect by giving the county auditor-controller 60 days'
4 notice; provided, however, that the county auditor-controller shall
5 continue to allocate to the authority the taxing entity's share of ad
6 valorem property taxes that have been pledged to the repayment
7 of debt issued by the authority until the debt has been fully repaid.

16 and special district that has adopted a resolution pursuant to
17 subdivision (d), in excess of the amount specified in subdivision
18 (a) of Section 33670.

19 (2) If the authority was formed pursuant to *subparagraph (B)*
20 *of paragraph-(2) (1) of subdivision (b) of Section 34191.51*, the
21 authority shall be allocated each year specified in the plan that
22 portion of the taxes levied for each jurisdiction as provided in the
23 joint powers agreement in excess of the amount specified in
24 subdivision (a) of Section 33670.

25 (f) If an area includes, in whole or in part, land formerly or
26 currently designated as a part of a redevelopment project area, as
27 defined in Section 33320.1, any plan adopted pursuant to this part
28 that includes a provision for the receipt of tax increment revenues
29 according to Section 33670 shall include a provision that tax
30 increment amounts collected and received by an authority are
31 subject and subordinate to any preexisting enforceable obligation
32 as that term is defined by Section 34171.

33 34191.61. (a) The authority shall review the plan at least
34 annually and make any modifications that are necessary and

36 shall require the preparation of an annual independent financial
37 audit paid for from revenues of the authority.

38 (b) After holding a public hearing, an authority shall adopt a
39 report on or before June 30 of each year. Written copies of the
40 draft report shall be made available to the public 30 days prior to

1 the public hearing. The clerk of the legislative body shall post the
2 draft report in an easily identifiable and accessible location on the
3 authority’s Internet Web site and shall mail a written notice of the
4 availability of the draft report on the Web site to each owner of
5 land within the area covered by the plan and to each taxing entity
6 that has adopted a resolution pursuant to subdivision (d) of Section
7 34191.59.

8 (c) The annual report shall contain all of the following:

9 (1) A description of the projects undertaken in the fiscal year
10 and a comparison of the progress expected to be made on those
11 projects compared to the actual progress.

12 (2) A chart comparing the actual revenues and expenses,
13 including administrative costs, of the authority to the budgeted
14 revenues and expenses

15 (3) The amount of tax increment revenues received.

16 (4) The amount of revenues received for low- and
17 moderate-income housing

20 (6) An assessment of the status regarding completion of the
21 authority’s projects.

22 (7) The amount of revenues expended to assist private
23 businesses.

24 (d) If the authority fails to provide the annual report required
25 by subdivision (a), the authority shall not spend any funds received
26 pursuant to a resolution adopted pursuant to subdivision (d) of
27 Section 34191.59.

28 (e) Every 10 years, at the public hearing held pursuant to
29 subdivision (a), the authority shall conduct a protest proceeding
30 to consider whether the property owners within the plan area wish
31 to present oral or written protests against the authority. Notice of
32 this protest proceeding shall be included in the written notice of
33 the hearing on the annual report and shall inform the property
34 owner of his or her right to submit an oral or written protest before
35 the close of the public hearing. The protest may state that the
36 property owner objects to the authority taking action to implement
37 the plan on and after the effective date of the election described
38 in subdivision ~~(e)~~ (f). The authority shall consider all written and
39 oral protests received prior to the close of the public hearing.

1 (f) If there is a majority protest, the authority shall call an
2 election of the property owners in the area covered by the plan,
3 and shall not initiate or authorize any new projects until the election
4 is held. A majority protest exists if protests have been filed
5 representing over 50 percent of the assessed value in the area.

6 (g) An election required pursuant to subdivision-~~(e)~~ (f) shall be
7 held within 90 days of the public hearing and may be held by
8 mail-in ballot.

9 (h) If a majority of the property owners, weighted proportional
10 to the assessed value of their property, vote against the authority,
11 then the authority shall not take any further action to implement
12 the plan on and after the effective date of the election held pursuant
13 to subdivision (e). This section shall not prevent the authority from
14 taking any and all actions and appropriating and expending funds,
15 including but not limited to any and all payments on bonded or
16 contractual indebtedness, to carry out and complete projects for
17 which expenditures of any kind had been made prior to the effective
18 date of the election.

AB 229
Military Base Reuse IRFD
AS INTRODUCED 02/04/2013

SUMMARY

AB 229 authorizes a military base reuse authority to form an Infrastructure and Revitalization Financing District (IRFD). This is similar to the authorization in existing law for cities and counties to create Infrastructure Financing Districts (IFD).

PURPOSE

Military base closure and realignment creates significant adverse economic hardships on many California communities. The Legislature has adopted a number of statutes to assist local agencies in addressing issues related to the adverse economic impacts of military base closure and realignment.

Closure of military bases can pose significant economic, environmental, and land-use problems such as toxic waste clean-up, loss of business, and reduction in tax revenues. Base closure can also present opportunities for business relocation, economic development, and land reuse that cannot be addressed by either the state's governmental taxing agencies or private investment alone. Resulting in the need to develop and/or expand the innovative use of public financing

mechanisms to leverage federal and private funds.

Unlike cities and counties, military base reuse authorities do not have the financing tools necessary to respond to the infrastructure and economic development requirements of a post-redevelopment world.

AB 229 is intended to provide an alternative method of funding infrastructure and related public facilities to clean-up, develop, and reuse former military bases through the establishment of infrastructure financing and revitalization districts.

OVERVIEW

Specifically, AB 229 does the following:

- Authorizes a city, county, city and county, or joint powers authority, where that entity is acting as the military base reuse authority, to form an IRFD.
- Broadens the types of projects that military base reuse IRFDs may finance versus a traditional IFD. These expanded uses include housing; purchase of property for economic development; acquisition, construction or repair of commercial or industrial structures to facilitate economic development; and the repayment of start-up financing

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 229

**Introduced by Assembly Member John A. Pérez
(Coauthors: Assembly Members Atkins, Bonilla, Bonta, Cooley,
Dickinson, and Gordon Gordon, and Torres)**

February 4, 2013

An act to add Chapter ~~2.10~~ 2.6 (commencing with Section ~~53399~~ 53369) to Part 1 of Division 2 of Title 5 of the Government Code, and to amend Section 33459 of the Health and Safety Code, relating to local government.

LEGISLATIVE COUNSEL'S DIGEST

AB 229, as amended, John A. Pérez. Local government: infrastructure and revitalization financing districts.

Existing law authorizes the creation of infrastructure financing districts, as defined, for the sole purpose of financing public facilities, subject to adoption of a resolution by the legislative body and affected taxing entities proposed to be subject to division of taxes and $\frac{2}{3}$ voter approval. Existing law authorizes the legislative body to, by majority vote, initiate proceedings to issue bonds for the financing of district projects by adopting a resolution, subject to specified procedures and $\frac{2}{3}$ voter approval. Existing law requires an infrastructure financing plan to include the date on which an infrastructure financing district will cease to exist, which may not be more than 30 years from the date on which the ordinance forming the district is adopted. Existing law prohibits a district from including any portion of a redevelopment project area. Existing law, the Polanco Redevelopment Act, authorizes a redevelopment agency to take any action that the agency determines is

necessary and consistent with state and federal laws to remedy or remove a release of hazardous substances on, under, or from property within a project area, whether the agency owns that property or not, subject to specified conditions. Existing law also declares the intent of the Legislature that the areas of the district created be substantially undeveloped, and that the establishment of a district should not ordinarily lead to the removal of dwelling units.

This bill would authorize the creation of an infrastructure and revitalization financing district, as defined, and the issuance of debt with $\frac{2}{3}$ voter approval. The bill would authorize the creation of a district for up to 40 years and the issuance of debt with a final maturity date of up to 30 years, as specified. The bill would authorize a district to finance projects in redevelopment project areas and former redevelopment project areas and former military bases. The bill would authorize the legislative body of a city to dedicate any portion of its funds received from the Redevelopment Property Tax Trust Fund to the district, if specified criteria are met. The bill would authorize a city to form a district to finance a project or projects on a former military base, if specified conditions are met.

The bill would authorize a district to fund various projects, including, among others, watershed land used for the collection and treatment of water for urban uses, flood management, levees, bypasses, open space, habitat restoration, brownfields restoration, environmental mitigation, purchase of land and property for development purposes, including commercial property, hazardous cleanup, former military bases, and specified transportation purposes. The bill would authorize a district to implement hazardous cleanup pursuant to the Polanco Redevelopment Act, as specified. The bill would impose a specified reporting requirement on districts. The bill would state that it is the intent of the Legislature that the establishment of a district should not ordinarily lead to the removal of existing functional, habitable, and safe dwelling units, as specified. The bill would define the term “public works” for purposes of these provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter ~~2.10~~ 2.6 (commencing with Section

2 ~~53369.14~~.

3 ~~53399.6~~.

4 ~~53369.6~~. It is the intent of the Legislature that the establishment
5 of a district should not ordinarily lead to the removal of existing
6 functional, habitable, and safe dwelling units. If, however, any
7 dwelling units are proposed to be removed or destroyed in the
8 course of private development or facilities construction within the
9 area of the district, the legislative body shall do all of the following:

10 (a) Within four years of the removal or destruction, cause or

23 dwelling units removed at affordable housing cost, as defined in
24 Section 50052.5 of the Health and Safety Code, or affordable rent,
25 as defined in Section 50053 of the Health and Safety Code, within
26 the territory of the district if the dwelling units removed or
27 destroyed were not inhabited by persons of low or moderate
28 income, as defined in Section 50093 of the Health and Safety Code.

29 (c) In the case of dwelling units located on a former military
30 base that are destroyed or removed in connection with a base reuse
31 plan, replacement dwelling units required by subdivision (a) or
32 (b) may be located anywhere within the territory of the former
33 military base consistent with the base reuse plan, local general
34 plan, and infrastructure financing plan, as applicable.

35 (d) Provide relocation assistance and make all the payments
36 required by Chapter 16 (commencing with Section 7260) of
37 Division 7 of Title 1, to persons displaced by any public or private
38 development occurring within the territory of the district. This
39 displacement shall be deemed to be the result of public action.

1 (e) Ensure that removal or destruction of any dwelling units
 2 occupied by persons or families of low or moderate income not
 3 take place unless and until there are suitable housing units, at
 4 comparable cost to the units from which the persons or families
 5 were displaced, available and ready for occupancy by the residents
 6 of the units at the time of their displacement. The housing units
 7 shall be suitable to the needs of these displaced persons or families
 8 and shall be decent, safe, sanitary, and otherwise standard
 9 dwellings.

 12 void, or annul the creation of a district, adoption of an infrastructure
 13 financing plan, including a division of taxes thereunder, or an
 14 election pursuant to this chapter shall be commenced within 30
 15 days after the enactment of the ordinance creating the district
 16 pursuant to Section ~~53399.23~~: 53369.23. Consistent with the time
 17 limitations of this section, such an action or proceeding with respect
 18 to a division of taxes under this chapter may be brought pursuant
 19 to Chapter 9 (commencing with Section 860) of Title 10 of Part 2
 20 of the Code of Civil Procedure, except that Section 869 of the
 21 Code of Civil Procedure shall not apply.

22 ~~53399.8.~~

23 53369.8. An action to determine the validity of the issuance
 24 of bonds pursuant to this chapter may be brought pursuant to
 25 Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of
 26 the Code of Civil Procedure. However, notwithstanding the time
 27 limits specified in Section 860 of the Code of Civil Procedure, the
 28 action shall be commenced within 30 days after adoption of the
 29 resolution pursuant to Section ~~53399.44~~ 53369.44 providing for
 30 issuance of the bonds if the action is brought by an interested
 31 person pursuant to Section 863 of the Code of Civil Procedure.
 32 Any appeal from a judgment in that action or proceeding shall be
 33 commenced within 30 days after entry of judgment.

18 the prior proceedings, may appear before the legislative body and
19 object to the adoption of the proposed plan by the legislative body.

20 ~~53399.18.~~

21 53369.18. At the hour set in the required notices, the legislative
22 body shall proceed to hear and pass upon all written and oral
23 objections. The hearing may be continued from time to time. The
24 legislative body shall consider the recommendations, if any, of
25 affected taxing entities, and all evidence and testimony for and
26 against the adoption of the plan. The legislative body may modify
27 the plan by eliminating or reducing the size and cost of proposed
28 public works, by reducing the amount of proposed debt, or by
29 reducing the portion, amount, or duration of incremental tax
30 revenues to be committed to the district.

31 ~~53399.19.~~

32 53369.19. (a) The legislative body shall not enact a resolution
33 proposing formation of a district and providing for the division of
34 taxes of any affected taxing entity pursuant to Article 3
35 (commencing with Section ~~53399.30~~) 53369.30), unless a
36 resolution approving the plan has been adopted by the governing
37 body of each affected taxing entity which is proposed to be subject
38 to division of taxes pursuant to Article 3 (commencing with Section
39 ~~53399.30~~) 53369.30) has been filed with the legislative body at or
40 prior to the time of the hearing.

1 (b) In the case of an affected taxing entity that is a special district
2 that provides fire protection services and where the county board
3 of supervisors is the governing authority or has appointed itself as
4 the governing board of the district, the plan shall be adopted by a
5 separate resolution approved by the district's governing authority
6 or governing board.

7 (c) This section shall *not* be construed to prevent the legislative
8 body from amending its infrastructure financing plan and adopting
9 a resolution proposing formation of the infrastructure revitalization
10 financing district without allocation of the tax revenues of any
11 affected taxing entity which has not approved the infrastructure
12 financing plan by resolution of the governing body of the affected
13 taxing entity.

14 ~~53399.20.~~

15 ~~53369.20.~~ (a) At the conclusion of the hearing, the legislative
16 body may adopt a resolution proposing adoption of the
17 infrastructure financing plan, as modified, and formation of the
18 infrastructure revitalization financing district in a manner consistent
19 with Section ~~53399.19~~, ~~53369.19~~, or it may abandon the
20 proceedings. If the legislative body adopts a resolution proposing
21 formation of the district, it shall then submit the proposal to create
22 the district to the qualified electors of the proposed district in the
23 next general election or in a special election to be held,
24 notwithstanding any other requirement, including any requirement
25 that elections be held on specified dates, contained in the Elections
26 Code, at least 90 days, but not more than 180 days, following the
27 adoption of the resolution of formation. The legislative body shall
28 provide the resolution of formation, a certified map of sufficient
29 scale and clarity to show the boundaries of the district, and a
30 sufficient description to allow the election official to determine
31 the boundaries of the district to the official conducting the election
32 within three business days after the adoption of the resolution of
33 formation. The assessor's parcel numbers for the land within the
34 district shall be included if it is a landowner election or the district
35 does not conform to an existing district's boundaries and if
36 requested by the official conducting the election. If the election is
37 to be held less than 125 days following the adoption of the
38 resolution of formation, the concurrence of the election official
39 conducting the election shall be required. However, any time limit
40 specified by this section or requirement pertaining to the conduct

1 of the election may be waived with the unanimous consent of the
2 qualified electors of the proposed district and the concurrence of
3 the election official conducting the election.

4 (b) If at least 12 persons have been registered to vote within the
5 territory of the proposed district for each of the 90 days preceding
6 the close of the hearing, the vote shall be by the registered voters
7 of the proposed district, who need not necessarily be the same
8 persons, with each voter having one vote. Otherwise, the vote shall
9 be by the landowners of the proposed district and each landowner
10 who is the owner of record at the close of the protest hearing, or
11 the authorized representative thereof, shall have one vote for each
12 acre or portion of an acre of land that he or she owns within the
13 proposed district. The number of votes to be voted by a particular
14 landowner shall be specified on the ballot provided to that
15 landowner.

16 (c) Ballots for the special election authorized by subdivision (a)
17 may be distributed to qualified electors by mail with return postage
18 prepaid or by personal service by the election official. The official
19 conducting the election may certify the proper mailing of ballots
20 by an affidavit, which shall be exclusive proof of mailing in the
21 absence of fraud. The voted ballots shall be returned to the election
22 officer conducting the election not later than the hour specified in
23 the resolution calling the election. However, if all the qualified
24 voters have voted, the election shall be closed.

25 ~~53399.21.~~

26 ~~53369.21.~~ (a) Except as otherwise provided in this chapter,
27 laws regulating elections of the local agency that calls an election
28 pursuant to this chapter, insofar as they may be applicable, shall
29 govern all elections conducted pursuant to this chapter. Except as
30 provided in subdivision (b), there shall be prepared and included
31 in the ballot material provided to each voter, an impartial analysis
32 pursuant to Section 9160 or 9280 of the Elections Code, arguments
33 and rebuttals, if any, pursuant to Sections 9162 to 9167, inclusive,
34 and 9190 of the Elections Code or pursuant to Sections 9281 to
35 9287, inclusive, and 9295 of the Elections Code.

36 (b) If the vote is to be by the landowners of the proposed district,
37 analysis and arguments may be waived with the unanimous consent
38 of all the landowners and shall be so stated in the order for the
39 election.

1 ~~53399.22.~~

2 53369.22. (a) If the election is to be conducted by mail ballot,
3 the election official conducting the election shall provide ballots

5 and Section 53327, together with all supplies and instructions
6 necessary for the use and return of the ballot.

7 (b) The identification envelope for return of mail ballots used
8 in landowner elections shall contain the following:

9 (1) The name of the landowner.

10 (2) The address of the landowner.

11 (3) A declaration, under penalty of perjury, stating that the voter
12 is the owner of record or the authorized representative of the
13 landowner entitled to vote and is the person whose name appears
14 on the identification envelope.

15 (4) The printed name and signature of the voter.

16 (5) The address of the voter.

17 (6) The date of signing and place of execution of the declaration
18 pursuant to paragraph (3).

19 (7) A notice that the envelope contains an official ballot and is
20 to be opened only by the canvassing board.

21 ~~53399.23.~~

22 53369.23. After the canvass of returns of any election pursuant
23 to Section ~~53399.20~~, 53369.20, the legislative body may, by
24 ordinance, adopt the infrastructure financing plan and create the
25 district with full force and effect of law, if two-thirds of the votes
26 upon the question of creating the district are in favor of creating
27 the district.

28 ~~53399.24.~~

29 53369.24. After the canvass of returns of any election
30 conducted pursuant to Section ~~53399.20~~, 53369.20, the legislative
31 body shall take no further action with respect to the proposed
32 infrastructure revitalization financing district for one year from
33 the date of the election if the question of creating the district fails
34 to receive approval of two-thirds of the votes cast upon the
35 question.

36 ~~53399.25.~~

37 53369.25. The legislative body may submit a proposition to
38 establish or change the appropriations limit, as defined by
39 subdivision (h) of Section 8 of Article XIII B of the California
40 Constitution, of a district to the qualified electors of a proposed

1 or established district. The proposition establishing or changing
2 the appropriations limit shall become effective if approved by the
3 qualified electors voting on the proposition and shall be adjusted
4 for changes in the cost of living and changes in populations, as
5 defined by subdivisions (b) and (c) of Section 7901, except that
6 the change in population may be estimated by the legislative body
7 in the absence of an estimate by the Department of Finance, and
8 in accordance with Section 1 of Article XIII B of the California
9 Constitution. For purposes of adjusting for changes in population,
10 the population of the district shall be deemed to be at least one
11 person during each calendar year. Any election held pursuant to
12 this section may be combined with any election held pursuant to
13 Section ~~53395.20~~ 53369.20 in any convenient manner.

14 ~~53399.26.~~

15 53369.26. No later than June 30 of each year after the adoption
16 of an infrastructure financing plan, the legislative body shall post

32 district each year by or for the benefit of the State of California,
33 or any affected taxing entity after the effective date of the ordinance
34 adopted pursuant to Section ~~53399.23~~ 53369.23 to create the
35 district, shall be divided as follows:

36 (a) That portion of the taxes which would be produced by the
37 rate upon which the tax is levied each year by or for each of the
38 affected taxing entities upon the total sum of the assessed value
39 of the taxable property in the district as shown upon the assessment
40 roll used in connection with the taxation of the property by the

1 affected taxing entity, last equalized prior to the effective date of
 2 the ordinance adopted pursuant to Section ~~53399.23~~ 53369.23 to
 3 create the district, shall be allocated to, and when collected shall
 4 be paid to, the respective affected taxing entities as taxes by or for
 5 the affected taxing entities on all other property are paid.

6 (b) That portion of the levied taxes each year specified in the

 14 in the district as shown by the last equalized assessment roll
 15 referred to in subdivision (a), all of the taxes levied and collected
 16 upon the taxable property in the district shall be paid to the
 17 respective affected taxing entities. When the district ceases to exist
 18 pursuant to the adopted infrastructure financing plan, all moneys
 19 thereafter received from taxes upon the taxable property in the
 20 district shall be paid to the respective affected taxing entities as
 21 taxes on all other property are paid.

22 ~~53399.31.~~

- 20 time to maturity of the bonds.
- 21 ~~53399.47.~~
- 22 53369.47. The legislative body or any person executing the

provided by local governments for military base reuse.

- Authorizes military base reuse IRFDs to clean up brownfields using the powers of the Polanco Redevelopment Act.
- Authorizes military base reuse IRFDs to be created in former redevelopment project areas, providing that no existing redevelopment obligations are impaired. Unlike IFDs, military base reuse IRFDs can include substantially undeveloped land to accomplish military base reuse plans.
- Allows cities or counties to dedicate their share of freed-up former redevelopment tax increment revenue to a military base reuse IRFD financing plan.
- Requires voter or landowner approval to form (depending on the number of registered voters in the proposed district) a district.
- Allows a military base reuse IRFD to construct replacement housing anywhere on the former base consistent with the base reuse plan, infrastructure financing plan, and local general plan, as applicable.

EXISTING LAW

Under existing law, IFDs may be established by local governments and use tax increment financing for public infrastructure and affordable housing.

Unlike redevelopment, no school property taxes may be diverted, and tax increment may be diverted from other overlapping local entities (such as from a county for a city IFD) only with the agreement of the other entity. Existing law also requires a 2/3 vote of the local voters to establish a district and to authorize the issuance of bonds.

Existing law prohibits the establishment of IFDs in redevelopment areas or in developed areas.

The elimination of redevelopment agencies on February 1, 2012 has removed a major tool used by military base reuse authorities to remedy blight, remove environmental hazards, and spur local economic development. This bill establishes military base reuse IRFDs to provide a tool to address economic development housing, sustainable development, environmental mitigation, and other needs in a fiscally responsible manner that promotes local cooperation.

Re: AB 946 (Stone) Transit buses: Counties of Monterey and Santa Cruz – SUPPORT

Dear Chairman Achadjian,

On behalf of the Fort Ord Reuse Authority (FORA) Board of Directors, I urge your **SUPPORT** of **AB 946 (Stone)**, which will authorize Monterey-Salinas Transit (MST) and the Santa Cruz Metropolitan Transit District, in conjunction with the state Department of Transportation (Caltrans), to conduct a transit-bus only program using the shoulders of certain state highways as transit-bus only traffic corridors.

Bus use of shoulders is a low-cost strategy to improve bus running times and reliability for transit systems. We support MST's and the Santa Cruz Metropolitan Transit District's efforts in seeking the use of this type of strategy, as they agree it will likely provide their transit systems with an option to provide enhanced service to patrons.

The safety of transit patrons and fellow road users is of utmost concern to transit systems. MST and the Santa Cruz Metropolitan Transit District would work closely with Caltrans and the California Highway Patrol (CHP) in designating the appropriate bus-only traffic corridors, and, would work together to develop guidelines that ensure driver and vehicle safety and the integrity of the highway infrastructure. Furthermore, the bill would require monitoring of the state of repair of highway shoulders that would be used in the program.

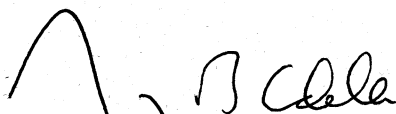

Numerous cities in the United States, as well as in Canada, have utilized the bus-on shoulders system with positive results. Some cities have used this strategy for a number of years. In 2006, the Transit Cooperative Research Program (TCRP) conducted a comprehensive study which examined jurisdictions that allow bus use of shoulders. The report states "[Bus bypass shoulder (BBS)] operations have proven popular with bus passengers who benefit from the improved schedule reliability and quicker travel times. Such operations also have improved bus operating efficiencies and have not drawn significant complaints from general traffic motorists. Positive passenger perception of travel time savings helps to attract patronage. Passengers enjoy the feeling of moving faster than the general traffic. For bus operators, BBS operations allow them to offer more reliable service, which is particularly important for buses that make more than one peak direction commute period trip; the second peak direction bus trip is more likely to be on time." (Martin, P.C. (2006). *Bus Use of Shoulders*. Transit Cooperative Research Program (TCRP) Synthesis 64, published by Transportation Research Board, Washington).

In fact, one California transit system, the San Diego Metropolitan Transit System, implemented a bus on shoulders demo program in 2005 and has reported that they considered the demo a successful program while it was in effect.

We believe that authorizing bus use of shoulders for Monterey and Santa Cruz counties is a step in the right direction for the state. By partnering with public transit to improve service and therefore encourage more riders, the state benefits economically and environmentally. Public transit not only improves air quality, but relieves congestion and improves mobility on our crowded highways. AB 946 will further enhance these benefits.

For these reasons, we urge your **SUPPORT** of **AB 946 (Stone)**. Thank you for your consideration.

Respectfully,

RE: Senate Bill 106 – Support of the California Central Coast Veterans Cemetery at Fort Ord Endowment Fund

Dear Senator Monning,

On behalf of the Fort Ord Reuse Authority (FORA) Board of Directors, I am writing to express our support of SB 106, which amends AB 1842 introduced by you last year. AB 1842 created the Endowment Fund for the California Central Coast State Veterans Cemetery in the State Treasury, allowing cash advances and generating funding for the initial phases of the cemetery. SB 106 allows the California Department of Veterans Affairs to enter into financial agreements to receive cash advances in the Endowment Fund without the responsibility of repayment by the State. It is expected that future reimbursements from cash advances will come from the endowment fund non-state sources once the operations of the cemetery are confirmed to be supported by burial and other fees collected.

Over one million Americans passed through Fort Ord, training to become US Army soldiers. Many of those soldiers settled in this region and have actively pursued a veterans cemetery at the former Fort Ord for nearly two decades. The FORA Board has supported the concept of a cemetery by unanimously approving the establishment of a Veterans Cemetery Parcel on the Fort Ord Land Use Map.

We thank you for authoring SB 106 and look forward to our continued work with you in this regard. Your support of the California Central Coast Veterans Cemetery, including last year's AB 1842 and currently pending SB 106, have been invaluable in our ongoing efforts.

Sincerely,

RE: Fort Ord Reuse Authority *SUPPORT* for AB 730 MST BOND FUNDING (ALEJO)

Dear Assemblymember Alejo:

I am writing on behalf of the Fort Ord Reuse Authority (FORA) to convey our support for your sponsored bill - **AB 730 (Alejo)** which is now before the 2013 California State Legislative Session. If adopted, **AB 730** will expand financing tools available to Monterey-Salinas Transit (MST) to purchase much needed transit buses and build transit, maintenance and other similar facilities to address its outdated and over-capacity buildings currently in operation throughout the county. These capital purchases will directly impact MST's ability to continue its quality services to the former Fort Ord reuse.

In the past, MST borrowed at "market-rate" interest rates from private financial institutions. **AB 730 (Alejo)** would enable MST to sell/issue lower-interest bonds, which ultimately saves local taxpayers and ridership hundreds of thousands of dollars in future interest payments. In addition, **AB 730 (Alejo)** is based on similar legislation adopted during previous legislative sessions on behalf of nearly 20 other transit agencies around the state and, perhaps most importantly in these challenging economic times, would not require additional state funds or general fund dollars to implement.

After nearly doubling the number of bus routes it operates over the past decade, MST also needs more maintenance bays to service its expanding fleet of vehicles – from the smallest minibus for persons with disabilities to its new "over-the-road" Greyhound-style buses that travel hundreds of miles each day up and down the Highway 101 corridor. MST's service area now covers nearly one-fifth of the California coastline linking San Jose in the north to Paso Robles in the south, leading to MST having an immediate need to replace approximately one-third of its transit bus fleet.

FORA sincerely appreciates your leadership in introducing this needed legislation – **AB 730 (Alejo)** – to the benefit of MST, its ridership taxpayers of Monterey County.

Respectfully,

LTC (Ret.) Jerry B. Edelen, M.A., M.B.A.
