

FORT ORD REUSE AUTHORITY

REGULAR MEETING

FORT ORD REUSE AUTHORITY (FORA) LEGISLATIVE COMMITTEE

920 2nd Avenue, Suite A, Marina CA 93933 (Executive Officer's Conference Room)

Thursday, February 14, 2019 at 10:00 a.m.

AMENDED AGENDA

1. CALL TO ORDER/ESTABLISHMENT OF QUORUM

Participating via Teleconference, Kristin Clark: 1505 Tiburon Blvd, Tiburon, California

2. PLEDGE OF ALLEGIANCE

3. ACKNOWLEDGEMENTS, ANNOUNCEMENTS AND CORRESPONDENCE

4. PUBLIC COMMENT PERIOD

Members of the public wishing to address the Committee on matters within its jurisdiction, but not on this agenda, may do so for up to 3 minutes and will not receive Committee action. Whenever possible, written correspondence should be submitted to the Committee in advance of the meeting, to provide adequate time for its consideration.

5. APPROVAL OF MEETING MINUTES

ACTION

- a. August 24, 2018 Meeting Minutes

6. REPORTS FROM LEGISLATIVE OFFICES

- a. 20th U.S. Congressional District – Kathleen Lee
- b. 17th State Senate District – Nicole Hollingsworth
- c. 29th State Assembly District – Erica Parker

7. BUSINESS ITEMS

INFORMATION/ACTION

- a. 2019 Legislative Agenda
 - i. Review/Approve Proposed Agenda
 - ii. Review/Provide Direction on 2018 Transition Plan Legislative Items
 - iii. Discuss CA Legislative Timeline
- b. Discuss and Schedule Future Meeting Dates

8. ITEMS FROM MEMBERS

9. ADJOURNMENT

NEXT MEETING: TBD

For information regarding items on this agenda or to request disability related modifications and/or accommodations please contact the FORA office at (831) 883-3672, forty-eight (48) hours prior to the meeting. Agendas are available on the FORA website at www.fora.org.

FORT ORD REUSE AUTHORITY (FORA)

LEGISLATIVE COMMITTEE MEETING MINUTES

1:00 p.m., Wednesday, August 24, 2018
920 2nd Avenue, Suite A, Marina CA 93933

1. CALL TO ORDER

Chair Monterey County Supervisor John Phillips called the meeting to order at 1:10 p.m.

Voting Members Present:

Mayor Ralph Rubio (City of Seaside)
Mayor Jerry Edelen (City of Del Rey Oaks)
Council Member Frank O'Connell (City of Marina)
Mayor Mary Ann Carbone (City of Sand City)

2. PLEDGE OF ALLEGIANCE

Pledge of allegiance was led by Supervisor Phillips.

3. ACKNOWLEDGMENTS, ANNOUNCEMENTS AND CORRESPONDENCE

Executive Officer Michael Houlemard announced and reminded Committee members about the Special Board meeting scheduled for September 28, 2018 and the City of Seaside Building Removal Kick off on September 5, 2018 at 11:00 a.m. at 205 Col. Durham Street.

Mr. Houlemard introduced JEA & Associates, Inc. President John Arriaga and associate Laurie Johnson whom participated in the meeting via phone.

4. PUBLIC COMMENT PERIOD

There were no comments received from the public.

5. REPORTS FROM LEGISLATIVE OFFICES

a. 20th U.S. Congressional District – Kathleen Lee
No report.

b. 17th State Senate District – Nicole Hollingsworth
No report.

c. 29th State Assembly District – Erica Parker

Ms. Parker provided the 2018 Bill List for Assemblymember Mark Stone via email to be distributed to the members in her absence. The Committee reviewed the list and provided comments on items that may affect former Fort Ord and FORA jurisdictions.

6. BUSINESS ITEMS

a. Update and Status of 2018 FORA Legislative Track
Committee member Carbone arrived at the meeting (1:23 p.m.)

Mr. Arriaga and Ms. Johnson provided a review of the measures that were being tracked as approved by the FORA Board on June 8, 2018. Mr. Arriaga and FORA staff provided further information on the status of the items and responded to the Committee's questions.

b. Report on Updates to 2018 Proposed Positions on State Legislation

Mr. Houlemard provided the Committee with the connection between the current status of the legislative items being tracked and what it means for the work of FORA.

- i. Senate Bill 50
- ii. Senate Bill 1

Ms. Johnson provided an update and responded to questions from the Committee.

Motion: On motion by Committee member Carbone and second by Committee member Rubio and carried by the following vote, the Legislative Committee moved to direct staff to prepare a letter of support to amend SB 50.

MOTION PASSED UNANIMOUSLY

Motion: On motion by Committee member Rubio and second by Committee member Carbone and carried by the following vote, the Legislative Committee moved to oppose SB 1.

MOTION PASSED UNANIMOUSLY

c. Discuss and Schedule Future Meeting Dates

Mr. Houlemard advised the Committee that a Legislative Committee meeting should take place in the fall – possibly after the October 10, 2018 Board meeting. Staff will poll members to establish a meeting date.

7. ITEMS FROM MEMBERS

There were no items from Committee members.

8. ADJOURNMENT

The meeting was adjourned at 1:40 p.m.

Fort Ord Reuse Authority 2019 LEGISLATIVE AGENDA

This report outlines the 2019 Fort Ord Reuse Authority (FORA) legislative program, which defines Board policy, sets legislative, regulatory, or federal/state resource allocation/direction, and supports the 1997 Base Reuse Plan's (BRP) and the 2012 BRP Reassessment Report guidance. The Legislative Agenda is meant to assist state and federal agencies/legislative offices regarding property transfer, economic recovery/reuse, environmental remediation, habitat management/conservation, and infrastructure and mitigation funding. The order in which the tasks are presented herein does not imply ranking as each item is considered a "priority" in achieving FORA's objectives.

A. FORA 2018 TRANSITION PLAN LEGISLATIVE COORDINATION ISSUES

Issue:

FORA's June 30, 2020 legislative sunset calls for significant coordination on many items. Specifically, reports to the State Legislature, Local Agency Formation Commission (LAFCO) coordination, FORA jurisdiction interface, and ongoing risk analysis. Since the Board has adopted the 2018 Transition Plan and is implementing elements of that Resolution, working with local agencies is crucial. Coordination is beneficial/essential in traversing the long list of issues and reporting requirements, many of which have been recommended for legislative action to implement.

Benefits:

Collaborative efforts will assure effective transition decisions or aid potential legislative actions prior to 2020 sunset.

Challenges:

State law requirements, contractual obligations, and inter-agency agreements will require intensive legislative multi-agency "negotiations." One of FORA's funding mechanisms (Mello Roos/Community Facilities District/developer fee) is not within LAFCO's jurisdiction and terminates upon dissolution. Designate successor entity to assume FORA's role of liaison with active military and veteran community.

Proposed Position:

Coordinate and seek support from State Legislature (17th State Senate District and 29th State Assembly District) to assure 1) post-FORA funding for jurisdictions after FORA sunsets on June 30, 2020 in compliance with Title 7.85 of the Government Code entitled Fort Ord Reuse Authority Act, 2) so remaining jurisdictions future liabilities are covered or mitigated to avoid unfair responsibility or liabilities, 3) clarify authority of Local Area Formation Commission/FORA to assign obligations; 4) potential governance structure if needed; 5) survivability of existing contracts/agreements/documents/plans/policies; and 6) application of California Environmental Quality Act.

B. HABITAT CONSERVATION PLAN (HCP). Continue/enhance ongoing coordination with federal and state legislative representatives to secure HCP adoption and permit issuance to protect Fort Ord Habitat Management Plan flora and fauna resources.

Issue:

HCP approval remains critical to former Fort Ord reuse. Alternatives to a base wide HCP, such as project by project permitting, are costly and time consuming and are not as effective in managing or protecting endangered species.

Benefits:

HCP approval protects valuable habitat, enables/permits effective regional economic recovery, and provides important amenities to area residents.

Challenges:

HCP processing over the past decade has been difficult and costly. Insufficient federal and state agency resources and overlapping regulatory barriers have thwarted the HCP process. Multiple agency coordination requires communication and encouraging cooperation.

Proposed Position:

- *Support* legislative and regulatory coordination, state and federal resources, and strong advocacy to enable speedy reviews and processing.
- *Coordinate* with U.S. Fish and Wildlife Service, U.S. Department of Interior/ Bureau of Land Management (BLM), California Department of Fish and Wildlife (CDFW), the 20th Congressional District, the 17th State Senate District and the 29th State Assembly District to finalize agreements regarding habitat management on BLM's Fort Ord National Monument, UC Natural Reserve and CA State Parks land in order to complete/implement the HCP.

C. **ECONOMIC RECOVERY/AFFORDABLE HOUSING SUPPORT.** Support statewide and regional efforts to create local jurisdiction economic recovery, base reuse financing and consider/support innovative affordable housing & building removal funding.

Issue:

1. The loss of "redevelopment financing" and other refinancing tools to assist in implementing base closure recovery programs was a heavy blow to FORA's member jurisdictions. Redevelopment shut down also eliminated affordable housing funding. Jurisdictional funding has dropped and substitute financial tools to support economic reuse/recovery initiatives do not match past vehicles set up to support the replacement infrastructure and mitigations. FORA provided an initial two years of funding for an economic development program including staffing, engaging with regional partnerships and local agency program support. Additional programs are still required for building removal. Funding from the County of Monterey in this area has also been lost.

2. Affordable housing is a significant element in achieving economic development goals. Workforce housing is critical to re-locating or establishing companies. Recent elected Monterey Bay leadership has called for affordable housing support, identifying the former Fort Ord as an important real property resource.

Benefits:

Sufficient funding resources for the reuse and recovery from former Fort Ord closure and other military bases. Funding support for economic development programs, habitat management protection, building removal, or other infrastructure demands associated with the reuse programs. Removal of buildings that create a "ghost town" effect are a disincentive to investment. New programs like the Drone, Automation, Robotics and Technology (DART) initiative could reap significant benefits for the region and Fort Ord reuse.

Challenges:

Obtaining agreement to use tax or special district funds to create special financing districts to support

targeted economic recovery, affordable housing and/or infrastructure in a climate of limited resources. State funding sources remain unclear and federal budgets have slashed economic development funds.

Proposed Position:

- Support legislation, activating local agency processes for economic development.
- Support establishment of Military Base Reuse “Recovery Zones,” or financing districts
- Support legislation for incentive-based mechanisms to strengthen jurisdictions’ ability to enable/implement base closure recovery programs.
- Consider the addition of newly adopted financing mechanisms for jurisdictional support for economic development/affordable housing.
- Engage/promote Opportunity Zones and secure federal funding.
- Continue funding and resource development for economic recovery.

D. **VETERANS CEMETERY.** Continue support/expansion of the California Central Coast Veterans Cemetery (CCCVC) expansion on the former Fort Ord.

Issue:

Burial space for California Central Coast veterans is inadequate. The former Fort Ord is both ideally suited and centrally located and an appropriate facility has now been opened to serve the veteran community. A site was set aside/designated in the 1990s for a veterans’ cemetery and the FORA Board of Directors gave support through previous actions of the establishment of the California Central Coast Veterans Cemetery (CCCVC). After multiple actions over 20 years the CCCVC was opened by the CA Department of Veterans Affairs (CDVA) for above ground columbaria, administration and maintenance buildings, a committal shelter, landscaping, and infrastructure for initial operation in October 2016. Future expansion requires additional design, planning, and review and includes in-ground gravesites and additional columbaria, as well as other potential ancillary uses and would complete the project anticipated in the Base Reuse Plan.

Benefits:

The CCCVC offers final resting places for the region’s 50,000 (approx.) veterans. Burial plots would enable an option for those who for religious or other reasons prefer such an option.

Challenges:

Cemetery expansion will require significant coordination between FORA, the CCCVC Foundation, the California Department of General Services (DGS), CDVA, US Department of Veterans Affairs (USDVA), the City of Seaside, the County of Monterey, and other state/federal agencies.

Proposed Position:

Support DGS and CDVA construction expansion efforts.

Support efforts to sustain priority standing for the CCCVC with CDVA and USDVA.

Support proposed legislation to permit fiscal flexibility to meet fund matching requirements.

Coordinate with federal agencies, the City of Seaside, the County of Monterey, the 20th Congressional District, the 17th State Senate District, and the 29th State Assembly District to sustain efforts to generate federal funding and/or status for future CCCVC expansion.

E. **AUGMENTED WATER SUPPLY.** Work with local, regional and federal agencies to secure State and Federal funding and/or resources to augment FORA’s water supply needs.

Issue:

The FORA Capital Improvement Program includes approximately \$24M to fund Regional Water

Augmentation necessary to implement the Base Reuse Plan. Six million (\$6M+) has been committed to the Pure Water Project to support use of reclaimed resources in the region. Securing outside funds to assist with augmented supply options help the timely implementation of conservation, recycled water and/or desalination water facilities and smooth out upfront costs of infrastructure. Monitor implementation of Ground Water Sustainability Act as it relates to contractual amounts of water to support the implementation of Base Reuse Plan.

Benefits:

Development projected under the Base Reuse Plan depends on an augmented water supply. Additional grant funding reduces FORA and Marina Coast Water District (MCWD) costs to secure water resources and reduces required capital charges.

Challenges:

Scarce funding and competing water projects throughout the region and state. No current federal/state program exists for this funding.

Proposed Position:

- Continue to work with MCWD to enable them to fulfill their contractual obligation to FORA for water resource augmentation.
- Support and coordinate efforts with MCWD, Monterey County Water Resources Agency, Monterey One, other agencies, and FORA jurisdictions to secure funding and/or support other funding mechanisms proposed for this purpose.
- Coordinate potential water bond funding for Monterey Bay region and FORA augmentation needs.
- Coordinate with the Department of Defense to acquire additional water rights that may become available.

F. **LEGISLATIVE COOPERATION WITH MONTEREY BAY AGENCY LEGISLATIVE ISSUES.**

Issue:

Monterey-Salinas Transit, Transportation Agency for Monterey County, and the County of Monterey have adopted legislative programs that may have Fort Ord reuse impacts.

Benefits:

Collaborative funding efforts by agencies involved in the same or interdependent projects increase the chances to obtain critical funding and enhanced partnering for matching funds.

Challenges:

State and federal funding is limited, legislative actions that benefit/impact multiple parties requires coordination, and competition for available funds will be keen.

Proposed Position:

Coordinate and support other legislative programs in the Monterey Bay area when they interface with former Fort Ord reuse programs.

G. **ASSURING LONG TERM STEWARDSHIP OF MUNITIONS CLEANUP AREAS.**

Issue:

FORA is scheduled to sunset June 30, 2020 and certain munitions funding terminates in 2019. There will be significant post FORA property management and post-remediation issues that will need to be managed. Those issues require resources, coordination and cooperation which are still being defined. Coordinate with Federal, State and local agencies on post-cleanup stewardship of munitions and

explosives ordnance issues/areas. Seek additional funds from federal resources and pursue optimizing review processes to complete property transfers and consider a legislative clarification of both prevailing wages on the former Fort Ord and monitoring responsibility.

Benefits:

Collaborative partnering for resources by agencies involved in the same or interdependent projects increase the chances to obtain critical funding. Some long-term stewardship issues are unfunded but defined as remedies in federal documents.

Challenges:

State and federal funding resources are limited. Federal and State agencies have not funded long term stewardship in many cases. In addition, local jurisdictions have limited funding for long-term stewardship.

Proposed Position:

Seek federal and state cooperation to assure responsiveness, document completion, and crucial funding for long-term stewardship for munitions response areas.

H. PREVAILING WAGES COORDINATION

Coordinate with 17th State Senate Districts and 29th State Assembly District to clarify the implementation of the FORA Prevailing Wage Policy and the enforcement provisions of SB 854, and the newly added regulatory and legislative adjustments of SB96 with the State Department of Industrial Relations.

Issue:

Ongoing lack of legislative clarity continues related to various interpretations of how the FORA Prevailing Wage Policy interfaces with the registration, reporting and enforcement provisions of state public works laws amended in state law in recent years.

Benefits:

Collaborative efforts between the designated military base Reuse Authority and Department of Industrial Relations is needed to promote, coordinate and harmonize state public works laws with state laws requiring speedy transition of military bases to civilian use.

Challenges:

Establishing a legislative framework for successor agency to monitor and enforce Prevailing wage Policy may be difficult and is likely to be opposed by some jurisdictions and developers...

Proposed Position:

Support legislative and regulatory coordination, state and federal resources, and strong advocacy to enable speedy reviews, compliance, enforcement and coordinated decisions.
