FORT ORD REUSE AUTHORITY BOARD REPORT

CONSENT AGENDA

Subject: 2015 Ad-hoc Advisory Committee Reauthorizations: Veterans Issues Advisory Committee and Post Reassessment Advisory Committee

Meeting Date: February 13, 2015
Agenda Number: 7b

RECOMMENDATION:

2. Reauthorize the Veterans Issues Advisory Committee (VIAC) and Post Reassessment Advisory Committee (PRAC) through 2015.

DISCUSSION/BACKGROUND:

1. The FORA Board Chair is responsible for creating ad-hoc advisory committees and appointing membership. These appointments do not require Board confirmation and are not term-limited, as ad-hoc advisory committees are, by definition, convened for a limited term/purpose. Chair O’Connell made 2015 membership updates. If reauthorized, 2015 PRAC/VIAC membership will be:

Veterans Issues Advisory Committee (VIAC):
City of Seaside, Mayor Pro-Tem Oglesby (Chair)
City of Del Rey Oaks, Mayor Edelen
City of Salinas, Mayor Gunter
Marina Coast Water District, Director Le
U.S. Army, Command Sgt. Major Wynn
United Veterans Council, James Bogan
Veterans Families, Edith Johnsen

Monterey County Office of Military & Veterans Affairs, Wes Morrill
Central Coast Veterans Cemetery Foundation, Rich Garza
Fort Ord Veterans Cemetery Citizens Advisory Committee, Jack Stewart
Monterey County Military & Veterans Advisory Committee, Sid Williams

Post Reassessment Advisory Committee (PRAC):
Mayor Pro-Tem Beach, City of Carmel-by-the-Sea (Chair)
Councilmember Haffa, City of Monterey
Councilmember Morton, City of Marina
Supervisor Parker, County of Monterey
President Ochoa, California State University Monterey Bay (alternate: Andre Lewis)

2. On January 11, 2013, the Fort Ord Reuse Authority (FORA) Board of Directors created VIAC to advise the Board on former Fort Ord veteran’s related reuse issues, and was reauthorized in February 2014. The VIAC Charge is included as Attachment A.

On March 22, 2013 the FORA Board of Directors authorized the creation of the PRAC to identify near-term and medium-term Base Reuse Plan reassessment category IV work plan priority recommendations. The PRAC continues to meet and provide updates to the FORA Board, expecting priority recommendations to be forthcoming in Spring 2015. The PRAC Charge is included as Attachment B.

Veterans Issues Advisory Committee

Committee Charge

The Veterans Issues Advisory Committee (VIAC) will identify, discuss, evaluate, and advise regarding the development of former Fort Ord issues that directly impact Monterey Bay Area veterans. The primary issues that are to be monitored are initial construction of the California Central Coast Veterans Cemetery and the Veterans Administration/Department of Defense Clinic—both to be located on the former Fort Ord, and the establishment of a Veterans Drop-in Counseling Center. The VIAC is charged with reviewing resources necessary for the successful implementation of both of these projects and will review data or recommendations that may come from the Fort Ord Reuse Authority Administrative Committee, Executive Committee, and Board of Directors as well as other Monterey County jurisdictions, and provide input regarding organizational, policy, financial, and technical elements in processing these projects and others related to veterans or military issues as may be assigned by the FORA Chair (on behalf of the Board of Directors). FORA staff will provide technical and administrative support to the VIAC.
Base Reuse Plan
Post-Reassessment Advisory Committee

Committee Charge

The Post-Reassessment Advisory Committee (PRAC) is charged with advising the FORA Board regarding action items to be prioritized in the near term (approximately through the end of calendar year 2015), as a follow-up to the Base Reuse Plan reassessment effort completed in 2012. The primary issues that are to be reviewed are the topics and options identified in Category IV of the final Reassessment Report, with additional consideration of the Reassessment Report’s other subject areas as the FORA Board may deem necessary. FORA staff will provide technical and administrative support to the PRAC. The PRAC effort is anticipated to have a limited duration, with a goal of forwarding priority recommendations to the Board in May or June 2015.
RECOMMENDATION:

Confirm Fort Ord Reuse Authority (FORA) Board of Directors Chair O'Connell's 2015 appointments to the Finance Advisory Committee (Finance Committee) and the Legislative Advisory Committee (Legislative Committee).

BACKGROUND/DISCUSSION:

Each year at the February Board meeting, the FORA Chair recommends appointees to FORA's Finance and Legislative Committees for Board confirmation. Appointees serve for a term of one year and must be chosen from among the ex-officio, voting, or alternate Board members.

Chair O'Connell recommends the following to serve through February 2016:

**Finance Committee:**
Councilmember Morton, City of Marina (Chair)
Mayor Pro-Tem Oglesby, City of Seaside
Nick Chiulos, County of Monterey
Andre Lewis, California State University, Monterey Bay
Councilmember Lucius, City of Pacific Grove

**Legislative Committee:**
Supervisor Potter, County of Monterey (Chair)
Mayor Pro-Tem O'Connell, City of Marina
Mayor Rubio, City of Seaside
Mayor Edelen, City of Del Rey Oaks
Mayor Pendergrass, City of Sand City

COORDINATION:
FORA Chair, Executive Committee

Prepared by Lena Spillman
Approved by Michael Houlemard
RECOMMENDATION:
SECOND VOTE: Approve Executive Officer Compensation Adjustment: 4% salary increase and an $8,400/year benefit increase.

BACKGROUND:
At its January 9 meeting, the Fort Ord Reuse Authority (FORA) Board voted in favor of the Executive Committee recommended adjustment to the Executive Officer’s (EO) compensation. (Attachment A). That vote was not unanimous, and the item returns for a second vote as provided in State Law.

DISCUSSION:
In mid-October 2014, FORA Board gave initial approval to a merit-based raise that would have increased EO’s salary by 8%. The Board later adjusted his contract to allow for that raise as recommended by Authority Counsel; the contract was corrected in December. Authority Counsel recommended a new vote on the adjustment to be consistent with the contract correction. The Executive Committee recommended to the Board an alternative to the October salary adjustment of 8%. That recommended alternative of the increase/benefits option was to be retroactive to July 1 as described in the fiscal impact analysis described in Attachment A.

As noted above, in January 2015, the Board voted in favor of the increase/benefits option presented.

COORDINATION:
The Executive Committee, FORA Counsel

Prepared by  Ivana Bednarik
Approved by Jon Giffen, Authority Counsel
RECOMMENDATION:
Authorize a 4 percent salary adjustment and an $8,400 per year increase to Executive Officer (EO) Michael Houlemard’s compensation, as recommended by the Executive Committee (EC).

BACKGROUND:
At its October 2014 meeting, the Board voted for an 8 percent increase to the EO’s salary, as recommended by the EC. The recommendation assumed the terms of the Spring 2014 consolidated contract between the Fort Ord Reuse Authority (FORA) and the EO provided for merit adjustments, as had been the case for the prior seventeen years. However, in December 2013, during contract consolidation processing, the provision providing for merit adjustments was inadvertently deleted. That deletion was corrected by FORA Board action in December 2014. Authority Counsel advised that the EC confirm their prior merit adjustment recommendation for a new first vote by the Board to align with the now corrected contract. The Executive Committee met on December 30, 2014 and unanimously approved the above recommendation.

In August 2014, the EC requested that FORA staff provide a review of recent accomplishments as they relate to the prospective expected service of the Executive. Board members also asked for an historical review of the Executive Officer’s salary, options for non-PERS adjustments and the recent City of Monterey survey of some regional executives. Those items are addressed in this report.

DISCUSSION:
The EO has served the FORA Board/Monterey Bay Region since 1997. The position is uniquely complex and requires expansive working comprehension of technical, scientific, legal, regulatory, legislative, financial, public relations/advocacy, communications, and municipal and special district managerial skills. This breadth of skills is essential for the future success of former Fort Ord recovery. The following summary is provided to inform the Board’s consideration of the EO request for a salary/compensation adjustment.

Key (but not all) EO responsibilities are as follows:

- As Chief Operations Officer, the EO must: 1) meet all operational and programmatic demands, 2) direct daily functions and programs, 3) have a broad technical understanding of the diverse scientific/technical, legal and financial elements of military base reuse/economic recovery, and 4) interface collaboratively with the Board/member agencies, the public, and multiple external entities to aid reuse efforts.
• As Clerk to the Board, the EO works closely with the Deputy Clerk and Authority Counsel to assure proper documentation, compliance, and clarity regarding notices, meetings, records, and other ministerial public agency requirements. As the primary financial/budget staff to the Board, the EO interacts regularly with the Controller and Finance Committee Chair to assure fiduciary obligations/financial strength. This includes ongoing requirements to provide general and specialized risk coverage such as the Pollution Legal Liability Insurance Policy, which is currently provided at a very reasonable cost to participants and supported by FORA funding.

• As a primary designated FORA spokesperson, Mr. Houlemard oversees and directs FORA’s public information consultant and coordinates with the FORA Board Chair in all press and public engagement matters. In that role, he regularly communicates with jurisdictions, special interest groups, business associations, the media, and professional/labor organizations to actively pursue opportunities to educate regional municipalities, special districts, service organizations, and community business partners about FORA’s role and mission. On average, the EO makes 40-50 public presentations annually - some years that number has exceeded 100. In addition, he coordinates all such communications with the Board Chair. These have included official formal State and Federal legislative testimonies. It is expected that such activity will increase in coming years – leading to the crucial report to the State Legislature in 2018.

• As primary program/project overseer, Mr. Houlemard deploys managerial strategic leadership utilizing best practices to effectively implement Board decisions, complete FORA’s educational and environmental economic recovery mission, and assure compliance with federal and state requirements.

• The EO is often required to undertake special/unanticipated roles. As a result of the 2013 ballot initiative, Mr Houlemard served as FORA Elections Officer. In that capacity, working closely with County Elections Officials and Authority Counsel to respond to the unique circumstance, the EO assured compliance with State Regulatory requirements, offered the Board full analysis of all options and laws, and met public and interest group expectations. Despite estimates that ranged upwards of $1.2M in potential cost – the coordinated/cooperative approach resulted in FORA costs of less than $700K. These types of specialized assignments are not necessarily extraordinary or unique, but are not a part of the primary position and often require significant time reallocation to assure coverage on key events. These kinds of unexpected and unpredictable demands will continue to surface and require direct response by the EO.

• The EO position requires and will continue to require experience/skill in judging the relationship/distinction between administrative and policy matters and the ability to interface with diverse constituencies and stake holders, including member jurisdictions and regional agencies/municipalities, environmental/special interest groups, community/ neighborhood entities, business interests, media, and professional organizations.

In addition to fulfilling ongoing responsibilities, Mr. Houlemard carefully develops and maintains strong working relationships with state and federal lawmakers and their staffs, traveling to various locations - including Sacramento, CA and Washington, DC. A significant number of FORA projects and funding awards owe a portion of their success, if not their inception, to this coordination. Under his leadership, FORA acquired $133 million in Federal, State and private grant funding to further FORA’s recovery mission, including:
$98 Million in the Department of Defense/US Army Environmental Services Cooperative Agreement (ESCA) Grant;

$31 Million in varying construction grants from the US Department of Commerce Economic Development Administration; and

More than $4 Million in planning and building removal funds from federal (US Army Corps of Engineers), state (DAM Grant funds) and private (Packard Foundation) sources.

Applying the $98 Million Department of Defense ESCA Grant, FORA successfully manages a comprehensive Munitions Remediation Program, which remains on-target and within budget. Recently FORA completed major infrastructure projects, provided key assistance and coordination for the California Central Coast Veterans Cemetery (CCCVC) funding land transfer, advocated nationally and provided local support for the now dedicated Fort Ord National Monument and the Gourley Department of Defense/Veterans Administration Clinic, completed an 18-month intensive Reassessment of the Fort Ord Base Reuse Plan, and organized a new committee and staffing structure to follow-up on the Reassessment Report, including co-hosting the 2013 Fort Ord Colloquium. FORA vigilantly pursues the permanent protection of 17,000 habitat acres and is embarking on a strategic economic development program to support the educational and research focused recovery. In addition, FORA secured several other grant or loan funds to support former Fort Ord projects (including the CCCVC). This role is ongoing as future expansion of the initial cemetery construction is expected.

As a means to assist FORA's mission, the EO has assumed/continued active leadership in the Association of Defense Communities (ADC) - serving on the Board of Directors from 2001 - 2012 and as President from 2008 to 2011. Although no longer on the Board, the EO continues to participate through a variety of ADC committees (Past Presidents Chair) and often leads panels at national conferences on topics such as best practices in legislative agenda planning, sustainable reuse, and the challenges of redevelopment. This strong national presence has sustained important visibility and support for FORA and has helped to elevate FORA as a national leader in the field of military base reuse. Most recently, the EO moderated the plenary session at the ADC National Base Redevelopment Forum in San Francisco. In these capacities, Mr. Houlemard will continue to have an important role in sustaining the Monterey region's $1.5 Billion military mission, which contributes in many ways to the economic strength of the area and its cultural history.

Mr. Houlemard is in his 18th year as FORA Executive Officer. Since 2007, the EO has provided annual self-evaluations and/or the FORA Board has independently assessed his performance as Executive Officer. Each year the EO was commended, including Board member compliments of his “extraordinary” or “exemplary” regional, statewide, and national efforts that benefit FORA’s mission. In 2012, the EO received the Ruth Vreeland Public Official of the Year award from the Monterey Peninsula Chamber of Commerce. Last year, the EO completed a six-month training process to receive certification as a Special District Manager by the California Special Districts Leadership Foundation - confirming his aptitude and skills, and adding to his credentials to serve this region as EO.

In recent years, FORA has actively responded to changing information and technological requirements, community requests, and staffing adjustments; successfully updating and improving meeting management and information dissemination systems. FORA's ongoing financial stability over the past 18 years has resulted in key operational and programmatic
achievements, which in many cases exceeded expectations. These efforts are reflected in a number of significant positive outcomes: FORA's national pre-eminence in base reuse, consistent successful property transfers and management/stewardship, compliance with Base Reuse Plan policies, effective project development, construction of critical basewide infrastructure, significant completion of building removal projects, and timely closure of munitions and explosives removal for 3300 acres. The EO performs these tasks while managing complex legal and other challenges. As well, FORA sustains a high quality, low-turnover staff by reinforcing morale and empowering individual excellence, even in resource restrained times. The EO expects these demands will continue and intensify in the coming years, especially as FORA looks toward the important additional tasks of completing the design guidelines, Joint Powers Authority, and asset/liability sunset analysis, while sustaining high quality ministerial and management responsibilities.

It is clear that the scope of FORA's obligations for the coming several years will be at least as complex and demanding as it has been in the immediate past years. Prospectively, successfully achieving the goals of the Board will require significant additional workload. Examples include:

- Implement Base Reuse Plan operational and programmatic completion demands for Category 3 & 4 obligations, oversee the Regional Urban Design Guidelines/Coast to Monument connections and Habitat Conservation demands, and address the jobs/housing balance requirements in the Master Resolution.

- Provide a comprehensive and effective program for financing FORA's building removal obligations and to assist others in their building removal demands.

- Assure the long term financial obligations for meeting the Base Reuse Plan goals of infrastructure development, habitat conservation, and property stewardship.

- Continue and elevate transparent community participation/involvement and public information/engagement through regularly communicating with jurisdictions, special interest groups, business associations, the media, and professional/labor organizations regarding FORA's role and mission.

- Complete the Records of Decision processing necessary to finish the munitions removal and property transfer process within the coming two fiscal years.

- Securing additional grants or subsidies to assist in the regional recovery program on or in conjunction with former Fort Ord reuse.

- Prepare a comprehensive summary description of the post-FORA sunset financial, programmatic, legal, and operational requirements for presentation to the California State Legislature in 2018.

The EO respectfully contends his successful performance and record of accomplishment reflect his ongoing and future value to FORA, and supports consideration of a merit compensation adjustment awarded retroactively from this fiscal year inception.

**SALARY ADJUSTMENT REQUEST OPTIONS/HISTORICAL SALARY SUMMARY**

Mr. Houlemard and Controller Ivana Bednarik have prepared three options for Board consideration that address questions, comments or requests made by Board members. In particular, the options address alternatives for phasing a merit adjustment and methods to
reduce impact on Public Employee Retirement System FORA costs. Those options are charted in the Fiscal Impact Section of this report and further itemized in Attachment A.

Also provided in Attachment A are the requested historical EO salary adjustments. As reported in past meetings, the last merit adjustment was in 2005. The EO has had other salary increases when Board action authorized Cost of Living adjustments for all staff or recognized when the EO achieved longevity-step eligibility. His last longevity increase was in 2010, and such benefits are exhausted. Those merit, COLA, and longevity salary adjustments were in compliance with the FORA contract terms and FORA policies.

REQUESTED COMPARATIVE SALARY SURVEY

Councilmember Haffa provided staff with a comparative salary survey (Attachment B) completed by the Monterey Regional Waste Management District and requested its distribution to the FORA Board. FORA staff has also attached another salary survey completed by the Special District Manager's Group (Attachment C) in December 2014. The surveys are somewhat inconsistent.

FORA staff note that the Monterey Bay Region is fortunate to have extraordinary executives who perform their roles and responsibilities with laudable expertise. Numerous similar surveys have been performed by various entities over the past decades to inform multiple human resource recruitments – but are not the sole or even the primary means of assessing how an executive is paid.

FORT ORD REUSE AUTHORITY BOARD REPORT

BUSINESS ITEMS

Subject: Rescind Monterey Bay Economic Partnership Agreement

Meeting Date: February 13, 2015
Agenda Number: 8b

RECOMMENDATION(S):
Rescind Monterey Bay Economic Partnership (MBEP) Agreement

BACKGROUND/DISCUSSION:
At the December 12, 2014 meeting, the FORA Board authorized the Executive Officer to execute an agreement, not to exceed $100,000, to join the Monterey Bay Economic Partnership (MBEP). During the hearing, the Board requested staff to include reports and success metrics as a component of the agreement.

Subsequently, FORA staff discussed the Partnership with the Administrative Committee at the December 30, 2014 meeting. Later that same day, FORA staff met with MBEP representatives to discuss and clarify the requested reporting and metrics. On Wednesday January 14, the FORA Executive Officer received an email communication from the MBEP co-chair indicating their desire to move forward cooperatively but independently.

Economic recovery from the closure of Fort Ord remains a critical and necessary FORA focus. As a result of the challenges faced in securing economic development services, staff is working with the Board and its Committees to plan the best path forward. Included in this Board packet is an analysis for Economic Development Services in the mid-year budget recommendations (See Item 8c).

FISCAL IMPACT:
Reviewed by FORA Controller
The MBEP agreement was not to exceed $100,000. No funds were advanced or expended.

COORDINATION:
MBEP, Authority Counsel, Executive and Administrative Committees.

Prepared by Josh Metz
Reviewed by Steve Endsley
Approved by Michael A. Houlemard, Jr.
RECOMMENDATIONS:
Adopt the FY 14-15 Fort Ord Reuse Authority (FORA) Mid-Year Operating Budget approving additional expenditures, as recommended by the Finance and Executive Committees (as specified in the “Coordination” section below).

BACKGROUND:
The mid-year budget update is typically provided by the March Board meeting. This report covers the status of the FY 14-15 budget approved at the June 20, 2014 meeting. The Finance Committee reviewed the mid-year budget at its January 29, 2015 meeting; the Executive Committee reviewed certain items on February 4, 2015.

DISCUSSION:
Despite the economic downturn/recession delaying development activities on the former Fort Ord for several years, FORA has maintained financial stability. Current increase in development activity evidences steady economic recovery (as building permit issuances and construction activities have resumed).

The mid-year budget reports both revenue and expenditure net increases.

Revenues: Net Increase $1,593,143

- Significant additions:
  - $1,200,061 in land sale proceeds. The City of Del Rey Oaks (DRO) sold 73 acres of its Fort Ord land in September 2014. The amount represents FORA’s 50% share.
  - $705,196 transfer of federal funds (the U.S. Army Environmental Services Cooperation Agreement grant (ESCA)) to pay for a portion of the 2015 Pollution and Legal Liability (PLL) Insurance premium. [All ESCA funds have been received. Unspent funds are in a separate account, classified as revenue unearned until expended.]

- Significant reductions:
  - $312,114 in PLL insurance payments. This represents a net balance of DRO 2005 premium partial repayment (-$500K) and participating jurisdiction payment for portions of the 2015 PLL coverage (+$200K).

Other revenue items that may affect this year’s budget:
  a) Community Facilities District/development fee (CFD fees) collection is under 50% at mid-year. CFD fee projections are approved with the FORA Capital Improvement budget and included in the overall annual budget. They are typically not adjusted at mid-year.
b) FORA and Marina are finalizing terms of a settlement agreement for Marina’s acquisition of FORA’s interest in Preston Park. The $35 million settlement amount would result in $14 M land sale proceeds and $2M developer fees.

**Expenditures: Net Increase $1,862,089**

➢ Significant additions:

Funding **authorized by the Board** since the budget approval:

- $1,755,196 for purchase of the 2015 PLL insurance (approved November 14, 2014)
- $48,892 Preston Park loan extension costs (approved December 12, 2014)

Funding **requested**:

- $50,000 for staffing adjustments as follows:
  a) $40,000 additional funding for the approved Economic Development Specialist (EDS) position to allow recruitment at a higher level of pay. This may be applied later to another Economic Development use pending the related March 13, 2015 report to the Board.
  b) $10,000 for staffing adjustments (1 replacement hire, 2 job reclassifications, 1 compensation increase) as detailed on **Attachment D**.
- $8,000 for Conference room rental ($7K) and video recording ($1K). The Carpenters Union increased their conference room rental fees for this fiscal year. This information was not provided to FORA staff in time for it to be included in the annual budget. Staff sought other meeting facility options, but expects to continue with the Carpenters agreement.
- $50,000 for Economic Development program. This would set aside funding for an economic recovery program; the actual plan will be considered by the FORA Board at a subsequent meeting, scheduled for March 13 as noted above.

➢ Significant reductions:

None reported at this time. However, unrealized CFD fees (34% collected at mid-year) will result in deferred Capital/CEQA mitigation projects, and the set aside for Habitat Conservation endowment will be reduced.

**Attachment A** illustrates the mid-year budget as compared to the approved budget; corresponding notes offer brief narrative descriptions of budget variances.

**Attachment B** depicts the mid-year budget by individual funds. Arrows indicate increases or decreases in a particular line item or category.

**Attachment C** itemizes updated expenditures.

**Attachment D** provides proposed staffing/reorganization adjustments.

**FISCAL IMPACT:**

As a result of the budget adjustments and a larger beginning (carryover) balance, the combined fund ending balance at June 30, 2015 is anticipated to be about $7.9 million (this
amount does not include non-spendable or committed funds such as the habitat management set-aside). However, as already explained in the revenue section, this balance will be increased should FORA collect the Preston Park sale proceeds from Marina before June 2015.

COORDINATION:
Finance Committee, Executive Committee

The Finance Committee reviewed the mid-year budget at its January 29, 2015 meeting, the Executive Committee on February 4, 2015. Their budget recommendations to the FORA Board are as follows:

1. Finance Committee (making recommendations on funding availability);
   i) Approve additional $10,000 for staffing changes/reorganization,
   ii) Approve additional $40,000 for EDS position,
   iii) Approve additional $8,000 for administrative expenses, and
   iv) Adopt the FY 14-15 mid-year budget.
2. Executive Committee;
   i) Approve staffing changes/reorganization, and
   ii) Approve a set aside amount in operating budget for Economic Development and recovery program; the Committee recommends $50,000.

Both committees requested that the Economic Development program options (including rehiring the EDS position) be discussed at the Board level at a future meeting (March). They tasked staff to propose viable options so that this important undertaking can move ahead.

### 5 Economic Development Specialist position
FORA received approval to recruit; top candidates were not willing to work for listed salary; a partnership agreement with MBEP was approved but later rejected due to lack of agreement on reporting by MBEP.

* **Hire EDS position - 1 year w/option to extend**
Recruit at a higher level of pay for an experienced specialist

* **This funding may be applied later to another Economic Development use pending the related March 13, 2015 report to the Board.**
RECOMMENDATION:
Authorize the Executive Officer to initiate Preston Park Loan Application with Rabobank.

BACKGROUND:
On June 12, 2009, the FORA Board authorized the Executive Officer to execute a $19 million loan with Rabobank to consolidate other borrowing and to provide US Economic Development Administration grant required matching funds for General Jim Moore Boulevard improvements. The mortgage loan was collateralized by a First Deed of Trust on Preston Park Housing (Preston Park) and monthly payments have been made from FORA’s 50% share of Preston Park lease revenue. The five year loan was scheduled to expire on June 15, 2014 and was to be retired by: 1) Preston Park sale proceeds, or 2) the City of Marina’s (Marina) acquisition of FORA’s Preston Park interest prior to expiration.

Efforts/negotiations with Marina to acquire Preston Park stalled in 2011. The FORA Board authorized the sale of Preston Park in 2012. Shortly thereafter, Marina filed suit challenging FORA’s Preston Park ownership and loan validity. On May 16, 2014, the FORA Board authorized a six-month loan extension (to December 15, 2014) since the Preston Park litigation was not concluded last spring. An additional six month loan extension was authorized in December, 2014 to June 15, 2015.

DISCUSSION:
Currently, FORA and Marina are working toward finalizing a settlement agreement to resolve the Preston Park litigation, but the agreement is not signed as of this writing. If the Agreement is not executed FORA will need to apply for a loan from Rabobank as the current loan has been extended twice and will expire/be in default June 15, 2015. This authority is requested should the City of Marina not be able to close escrow on the Preston Park Apartments and FORA would need to obtain a new loan.

FISCAL IMPACT:

COORDINATION:
Executive Committee, Authority Counsel

Prepared by Robert J Norris, Jr.
Approved by Michael A. Houlemard, Jr.
RECOMMENDATION:
Receive a former Fort Ord prevailing wage requirements report and provide direction to staff regarding the Fort Ord Reuse Authority role in prevailing wage compliance.

DISCUSSION:
At the November 14, 2014 FORA Board of Directors meeting an informational report was presented with a PowerPoint attachment on the history and status of the Fort Ord Reuse Authority (FORA) Prevailing Wage Policy. Staff intended to provide additional comments regarding Prevailing Wage Policy enforcement from representatives of labor, developers and the labor compliance practitioners at a future meeting.

BACKGROUND:
Adoption of prevailing wage as a base-wide policy surfaced during legislative debates around the creation of FORA. While the FORA enabling legislation did not include provisions for prevailing wages, the initial FORA Board meeting explored the policy question in the exchanges about adoption of a procurement code. In fact, the FORA Board’s first action in setting prevailing wage policy occurred on July 14, 1995, with the adoption of Ordinance No. 95-01. This Ordinance established FORA’s Procurement Code, which required prevailing wages to be paid to all workers employed on FORA’s construction contracts. The FORA Master Resolution was adopted on March 14, 1997. Article 3.03.090 of the Master Resolution (Attachment A) requires that prevailing wage be paid for all first generation projects occurring on parcels subject to the Base Reuse Plan.

Discussion regarding application of prevailing wage continued and was included in Base Reuse Plan compliance actions through 2006, when the Board engaged in further policy clarification actions. In August 2006, the Board received a status report on the jurisdiction’s efforts to adopt and implement prevailing wage policies consistent with Chapter 3 of the Master Resolution. That report was the result of FORA Executive Committee and Authority Counsellor’s examination of FORA’s role in implementing prevailing wage policies on the former Fort Ord. Since 2006, the FORA Board has heard compliance concerns expressed by the Labor Council, received several additional reports, slightly modified a section of Chapter 3 of the Master Resolution, and directed staff to provide information to the jurisdictions about compliance.

Prevailing Wage
In November 2014, FORA staff received complaints from trade union representatives alleging violations of the Prevailing Wage Policy. Staff met with representatives from the development sector who were concerned that the Prevailing Wage Policy required higher than justifiable wages be paid for residential work in Monterey County and on former Fort Ord projects. They have suggested that a Residential Payment rate be created for the area. They are pursuing this solution by working with California Department of Industrial
Relations to have such a rate established. The prevailing wage rate issue is separate and distinct from the issues of prevailing wage monitoring, compliance and enforcement.

**Prevailing Wage Reporting/Compliance**

FORA staff met with representatives of the building trades who expressed concern for uneven and ineffective enforcement of FORA’s Prevailing Wage Policy once that obligation is passed from the local jurisdictions to the developers. Those representatives described their experience as not all developers are willing to provide timely access to certified payrolls or permit field inspections and other auditing to resolve worker claims of underpayment.

**Analysis**

All parties interviewed to this time have complained of the lack of transparency and certainty of roles and responsibilities. Third party labor compliance professionals have advised that FORA’s process: 1) specify a local place for record review as proscribed by regulation, 2) include requirements for access to other records to audit payments, 3) require field inspections, and 4) that consequences, such as fines and/or debarment for violations, be enforced.

Recently there arose a significant issue in the underpayment of wages/fringe benefits that is being resolved through the efforts of the developer and the third party compliance monitor hired by the developer. Staff is still waiting for a response from the California Department of Industrial Relations to our letter concerning enforcement. When that is received we will report staff recommendations for possible revisions to the FORA Prevailing Wage Policy.

As of this writing, the City of Marina has indicated their inability to address the commitment to comply with prevailing wage enforcement due to a lack of resources. FORA staff will continue to work with the City of Marina on this important compliance issue.

FORA staff requests Board direction on FORA’s prevailing wage compliance role.

3.03.090. PREVAILING WAGES.

(a) Not less than the general prevailing rate of wages for work of a similar character in Monterey County, as determined by the Director of the Department of Industrial Relations under Division 2, Part 7, Chapter 1 of the California Labor Code, will be paid to all workers employed on the First Generation Construction performed on parcels subject to the Fort Ord Base Reuse Plan. This subsection applies to work performed under Development Entitlements as defined in §1.01.050 of this Master Resolution and by contract with a FORA member or a FORA member agency including their transferees, agents, successors-in-interest, developers or building contractors.

This policy is limited to "First Generation Construction" work, which is defined in §1.01.050 of this Master Resolution. In addition to the exceptions enumerated in the definition of Development Entitlements found in §1.01.050 of this Master Resolution, this policy does not apply to:

1. Construction work performed by the Authority or a member jurisdiction with its own workforce;
2. Construction work performed by paid, full-time employees of the developer, unless the developer is performing the work of a contractor as defined in California Business and Professions Code §7026;
3. Construction improvements following issuance of occupancy permit;
4. Affordable housing when exempted under California state law; and
5. Construction of facilities to be used for eleemosynary non-commercial purposes when owned in fee by a non-profit organization operating under §501(c)(3) of the Internal Revenue Code.

(b) Member agencies must include language in all of their contracts and deeds for the conveyance, disposition and/or development of former Fort Ord property to give notice of and assure compliance with the policy set forth above in subsection 3.03.090(a).

(c) FORA determines compliance by member agencies with this Section at the time of and as part of FORA's consistency determination under Chapter 8 of this Master Resolution.
**FORT ORD REUSE AUTHORITY BOARD REPORT**

**EXECUTIVE OFFICER'S REPORT**

**Subject:** Outstanding Receivables

**Meeting Date:** February 13, 2015

**Agenda Number:** 10a

**INFORMATION**

**RECOMMENDATIONS:**

Receive a Fort Ord Reuse Authority (FORA) outstanding receivables update for January 2015.

**BACKGROUND/DISCUSSION:**

**Development Fee/Preston Park:** In 1997, the U.S. Army and FORA executed an interim lease for Preston Park. Preston Park consisted of 354 units of former Army housing within the jurisdiction of the City of Marina (Marina). Marina became FORA's Agent in managing the property. Marina and FORA selected Mid-Peninsula Housing Coalition to manage the property and lease it to tenants. In 1998, Mid-Peninsula completed rehabilitating Preston Park units and began leasing the property to the public. After repayment of the rehab loan, Marina and FORA have by state law each shared 50% of the net operating income from Preston Park.

The FORA Board enacted a base-wide Development Fee Schedule in 1999. Preston Park is subject to FORA's Development Fee Schedule overlay. In March 2009, the FORA Board approved the MOU between FORA and Marina whereby a portion of the Preston Park Development Fee was paid by the project. In 2009, Marina transferred $321,285 from Preston Park, making an initial Development Fee payment for the project. The remaining balance is outstanding and has been the subject of litigation.

In November 2014, Marina and FORA agreed to settle pending litigation primarily by Marina acquiring FORA's interest in Preston Park. FORA and Marina are finalizing terms of a settlement agreement. The $35 million settlement amount would include $2,078,835 payment of the outstanding fees. As of this writing the settlement agreement is not yet executed.

**FISCAL IMPACT:**

All former Fort Ord projects are subject to either the developer fee overlay or the Community Facilities District fees to pay fair share of the California Environmental Quality Act required mitigation measures. In addition, the outstanding balance is a component of the Basewide Mitigation Measures and Basewide Costs described in Section 6 of the FORA Implementation Agreements. If any projects fail to pay their fair share it adds a financial burden to other reoccupied or development projects to compensate.

**COORDINATION:**

Executive Committee

Prepared by Ivana Bednarik

Approved by Michael A. Houffard, Jr.
**RECOMMENDATION(S):**
Receive a Habitat Conservation Plan (HCP) and State of California 2081 Incidental Take Permit (2081 permit) preparation process status report.

**BACKGROUND/DISCUSSION:**
The Fort Ord Reuse Authority (FORA), with the support of its member jurisdictions and ICF International (formerly Jones & Stokes), FORA’s HCP consultant, is on a path to receive approval of a completed basewide HCP and 2081 permit in 2015, concluding with US Fish and Wildlife Service (USFWS) and California Department of Fish and Wildlife (CDFW) issuing federal and state Incidental Take Permits.

After meeting with CDFW Chief Deputy Director Kevin Hunting on January 30, 2013, FORA was told that CDFW and BLM issues require a Memorandum of Understanding (MOU) between CDFW and BLM, outlining certain assurances between the parties, resulting in additional time. Also, according to CDFW, final approval of an endowment holder no longer rests with CDFW due to passage of SB 1094 (Kehoe). However, CDFW must review the funding structure and anticipated payout rate of the HCP endowment holder to verify the assumptions are feasible. CDFW has outlined a process for FORA and other Permittees to expedite compliance with endowment funding requirements. FORA has engaged Economic & Planning Systems (EPS) to provide technical support during this process.

If the current schedule is maintained, FORA staff expects a Public Draft HCP available for public review by the middle of 2015. On March 25, 2014, FORA representatives met with representatives from CDFW, University of California, and State Parks to address outstanding State-Fed and State-State policy issues. State Senator Bill Monning convened a follow-up meeting on June 23 in Sacramento. General agreement was achieved to conclude policy issues and publish the HCP on schedule. A technical meeting was held July 30, 2014 with BLM, Permittees, USFWS, and CDFW representatives to review HCP governance and cost items. Comments on HCP technical items and agreements were received by the August 29, 2014 deadline. **Update:** ICF and Denise Duffy Associates (Environmental Impact Report/ Environmental Impact Statement consultant) are completing covered activities analyses and are preparing the screen check draft HCP. Confirming covered activity impacts and mitigations for future Marina Municipal Airport expansion and conceptual alignment of the Fort Ord Recreational Trail and Greenway (FORTAG) has taken longer than expected. Now that these covered activities are quantified, Staff expects consultants to complete the screen check draft HCP in February 2015.

Chair Oglesby reminded members the role of the FC is to ascertain if there is money available to fund the various alternatives and asked the Executive Officer to suggest proposals for FORA Board consideration of additional support for job creating economic development. The Fort Ord Trails Symposium was a significant success by all accounts received - attracting nationally renowned speakers and an audience of approximately 200 people. Of special note, Mia Birk, the Keynote Speaker, attracted a CSUMB class during her presentation. The Symposium was supported by multiple agencies, including the Fort Ord Reuse Authority (FORA), CSUMB, the Transportation Agency for Monterey County (TAMC), Monterey County Parks, and the Bureau of Land Management (BLM).

The next meeting of the PRAC is scheduled for Thursday, February 26, 2015, from 1:00 pm.

i. Receive an Informational Travel Report from the Executive Officer.

ii. Review Proposed Board Member Travel Procedure

i. **Executive Officer Travel Report**

   The Executive Officer regularly submits reports to the Executive Committee on FORA staff/Board travel. The Committee reviews and approves requests, and the travel information is reported to the Board as an informational item.

**COMPLETED TRAVEL**

**California Special District Association (CSDA) Board Clerk/Secretary Conference**

**Destination:** San Diego, CA  
**Date:** February 11-13, 2015  
**Traveler/s:** Crissy Maras  

Ms. Spilman previously completed the CSDA Board Clerk Advanced Certificate Holders Program. This year, Crissy Maras was selected to complete this Program due to her position as back-up to the Deputy Clerk and primary support staff to the Water/Wastewater Oversight Committee and the Veterans Issues Advisory Committee. The Program focuses heavily on advanced Public Records Act, Ralph M. Brown Act, and Roberts Rules of Order training.

**UPCOMING TRAVEL**

**National Coalition of Homeless Veterans (NCHV) - Board of Directors Meeting**

**Destination:** Phoenix, AZ  
**Date:** February 24-27, 2014  
**Traveler/s:** Robert Norris  

In addition to his position as FORA staff liaison for veterans issues, Mr. Norris also serves as an MCHV Board member. Their upcoming Board meeting in Phoenix will include briefings from the Department of Veterans Affairs, Housing and Urban Development, and numerous veterans service organizations. Mr. Norris’ participation informs his work on the Veterans Issues Advisory Committee and will benefit staff’s ongoing efforts to support the General Gourley Clinic, the Central Coast Veterans Cemetery, and the region’s military mission. FORA will reimburse airfare costs for this trip and the traveler will pay all other expenses.

**Association of Defense Communities (ADC) Installation Innovation Forum**

**Destination:** Monterey, CA  
**Date:** March 15-17, 2015  
**Traveler/s:** Michael Houlemard, 2 Board members
Executive Officer Michael Houlemard and 2 other Board members will attend the ADC Installation Innovation Forum. The Forum will explore the cutting-edge developments that are reshaping how installations are managed and the way communities and installations work together. No travel expenses will be paid for this event, as it is held locally.

ii. Board Member Travel Procedure
Historically, Board participation in the Annual Federal and State Legislative Missions and out of town conferences/meetings has consisted primarily of Legislative Committee and Executive Committee members. Chair O'Connell has suggested a new procedure that would provide an opportunity for greater Board member participation in these events. This procedure would include pairing newer Board members with those who have more extensive experience on the FORA Board. This would allow newer Board members to familiarize themselves with the national defense community, of which FORA is an active member, and it would provide greater context to the issues considered by the Board. The attached list (Attachment A) would be used to determine eligibility and ensure equal opportunity for Board member participation as travel opportunities present themselves.
