[1] See Table A-4 & Table A-5 for commercial finished value assumptions as of 2016. These values were escalated by 1.5% to reach an estimated finished value for 2017. Assumes an annual market appreciation rate thereafter of 1.5%. Estimated finished values amounts for nonresidential building square feet rounded to nearest \$5.

[2] While property tax roll updates may lag development absorption, assessed value growth shown in same year of development on the assumption that supplemental property tax levies would backfill any delay in reassessment.
