Dear FORA Board Members:

Attached is a CD containing 791 scanned letters signed by individual Monterey Bay citizens, like me, who wish to express concerns regarding the Cal-Am Slant Well project (MPWSP). These letters are signed by unaffiliated, private citizens, mostly from the City of Marina and Ord Communities, and are NOT specifically related to the DEIR public comments. However, the issues are vital to us as well as to other area interests. I hope you will review them to understand our concerns.

I would appreciate confirmation of receipt of these CDs at jhofmann@redshift.com when they have been distributed to your board members.

Thank you very much,

Juli Hofmann

NOTE FROM FORA: Due to the large amount of letters (250MB) in this single file, it has been sectioned off into batches of 10MB files each. The links to each are provided on the following page. The letters on CD are available upon request at the FORA office, if that is your preference as well.

Click on each link to download a single batch of letters (25 total):

ATTN: FORA Board Members

The Monterey County Board of Supervisors officially declared February Environmental Justice Month in Monterey County based on the work of the **Fort Ord Environmental Justice Network (FOEJN)**. To commemorate this honor the **FOEJN** will be holding an educational event on what Environmental Justice is and how communities, such as Monterey County, need the involvement of all of its diverse locals residents to improve and maintain their quality of life by “balancing the needs of the people with the care of the environment.”

Please see the attachment for the event information. For RSVP or if you have any questions or concerns, please contact our event coordinator at [831-277-5241](tel:831-277-5241) or ejustice@mbay.net.

Subject: Company Area Museum
Date: Tuesday, February 21, 2017 11:04:08 AM

I am a Vietnam era veteran and just took a self guided tour of one of the Company Areas near the new VA Clinic. In reviewing the Reuse Plan I can not find any mention of restoring one or two of these Company Areas to a museum. Given the memories many of us have going through basic training I believe restoring one or two of the Company Areas would be a good idea. There are hundreds of thousands of Veterans that have walked those Company streets; slept in the barracks; ate in the mess halls; and pulled CQ duty in the CQ rooms.

I am willing to participate in any activities that relate to this idea. Please advise.

Thanks,

Vic Jacobsen

To whom it may concern,

I am writing this to you to express an inquiry and an idea.

As a citizen of California, I am concerned about the welfare of its citizens, especially our most vulnerable - of which I am one - and the lack of affordable housing, one of the causes of the enormous homelessness problem in the Bay Area and surrounding communities. I learned about Fort Ord through episodes of the show "Mythbusters", when they would use the streets of an abandoned housing development for car-related myths. An idea occurred to me - why are these abandoned houses not being put to use? This area would be a good candidate for possible redevelopment to help alleviate the housing crisis that has caused so many families to become homeless.

My question is, has anyone ever looked into this as a possibility? It would need a partnership with other counties to help work out the details, but it would still be under your jurisdiction. I do not expect a reply - although I would be pleased to receive one, I just want you to look into this possibility.

Thank you for your consideration.

Sincerely,

Denise Mayosky
