2. How Jurisdiction will Implement Transition Plan Assignments (e.g., Revenue Generation, Revenue Sharing, Offsets and contractual reimbursement agreements; jurisdiction’s schedule for formation and completion of other entities/Agreements and schedule for any assigned projects.

3. How the jurisdiction intends to comply with enforcement of policies for Fort Ord Developments
1. Background Recitals

2. Definitions

3. As outlined in Transition Plan, Salinas will have 7.69% of Administrative Liabilities and will become an 7.69% successor entity to any administrative liability.

4. Salinas shall not have liability for contribution for any real property related costs/ liabilities/ obligations.
1. As outlined in Transition Plan, County will have 23.1% of Administrative Liabilities and will become a 23.1% successor entity to future identified administrative liability.

2. County will address Real Property Obligations and Contracts in the following manner:

   **Transportation**

   FORA has identified that 8 projects are located within County lands. Projects 1-7 are already included in County’s **Capital Improvement Program**. County will amend its Capital Improvement Program to include any project not already identified by June 2019. County will enter into revenue sharing agreements to address contributions by the FORA jurisdictions by June 2019.
Habitat

County agrees to address habitat management obligations in the following manner. County intends to form a joint powers agency for the purpose of managing the Habitat Conservation Plan no later than 6/2019 or if no HCP, then a joint powers agency (JPA) to manage habitat management areas by 6/2019. If no JPA is formed, County agrees it will receive and manage FORA habitat funds in trust fund (or Escrow Account) as outlined and approved by the FORA Board for long term management of all habitat management areas and take permits necessary to enable development on Fort Ord lands.

To the extent policies are not addressed or consistent with existing BRP and/or Master Plan policies, the County will amend its General Plan or implement through other identified policy enforcement mechanisms, such as conditions of approval.
Key Issues

- LAFCO / FORA Jurisdiction
- Community Facilities District
- ESCA Successor
(b)(1) The Monterey County Local Agency Formation Commission shall provide for the orderly dissolution of the authority including ensuring that all contracts, agreements, and pledges to pay or repay money entered into by the authority are honored and properly administered, and that all assets of the authority are appropriately transferred.

(b)(2) The board shall approve and submit a transition plan ... The transition plan shall assign assets and liabilities, designate responsible successor agencies, and provide a schedule of remaining obligations... The transition plan shall be approved only by a majority vote of the board.

DUE: To LAFCO December 2018
The Transition Plan Resolution asserts FORA Board exercises assignment power through the FORA Act legislation.

Assumes that Implementation of the Transition Plan occurs through Transition Plan Implementation Agreements (TPIA), but is structured that if no TPIA, then assigns and requests LAFCO to ensure assignments as though they were conditions of dissolution.
Revenue generation/sharing

- Community Facilities District
- Transition Plan approach
FORA’s CFD is a Mello Roos Special Tax District (Government Code section 53311 and following)

- Does not require a nexus;
- Allows payment for specified public services and public facilities;
- FORA’s CFD paid on issuance of building permit
- Terminates on FORA dissolution
  - Currently no mechanism to transfer.
1. Extend FORA Act; or

2. Amend Mello Roos to allow for transfer and continuation (requires legislation and vote of CFD district)
