**RE: S201-ITB2 Building Removal Addendum 3**

All,

FORA is providing updated Drawings, Specifications, and SWPPP for your review and assessment. You can find the zip file at [www.fora.org/ITB](http://www.fora.org/ITB).

Utility Cut-off / protect information has been updated. Please note the new cut-off locations and details provided in the drawings.

Please include in the price of the first building to removed in the schedule up to 40 hours of pre-construction planning, to be used on a time and material basis, for coordination with FORA and FORA's subs prior to the start of work.

**Due to the material change, the schedule has been updated to the following:**
