Presentation to FORA BOARD

October 26, 2017

Steve Endsley, Assistant Executive Officer Sheri Damon, Prevailing Wage/Risk Coordinator

Overview

- FORA Act & Transition Directive
- Transition Planning History
- 2017 TTF Recommendation
 - Single Entity Successor
 - CFD Extension
 - Fair & Equitable Contribution
- Frequently Asked Questions
- Next Steps

Government Code 67700

The transition plan shall assign assets and liabilities, designate responsible successor agencies, and provide a schedule of remaining obligations. The transition plan shall be approved only by a majority vote of the board.

Delivery Deadline: 18 months prior to FORA expiration or December 30, 2018

Transition Planning History

2016 Process

- Ad hoc Task Force
- Specific charge
- Multiple meetings

Recommendation

 Dual tracks: Legislative extension and continue Transition Planning

2017 Process

- New Ad hoc Task Force
- New 2017 charge
- Multiple meetings

Recommendation

 Single successor agency, seek extension of FORA's CFD and post-FORA obligations/liabilities are paid for using Implementation Agreement formula for completing CIP and Voting Percentage for administrative liabilities

2017 TTF Recommendation

- Create single entity successor (JPA)
- Seek extension of CFD/powers for successor
- Utilize Implementation
 Agreement/Percentage assignment for
 jurisdiction's fair and equitable contribution
 to successor to complete FORA program

2017 TTF Recommendation

Create single entity successor (JPA)

Transition Plan Goals

Land Use Jurisdictions & Successor Entity will:

- Implement BRP Economic Recovery
- Implement BRP Mitigations
- Implement BRP Policies, including but not limited to, affordable housing and/or jobs/housing balances
- Collaborate to Maximize/Leverage Regional Resources
- Commit to Fair and Equitable Distribution and Contribution

FORA will:

- Implement recovery/mitigation/building removal prior to sunset
- Minimize successor liability

Single v Multi Agency Issues

- Will South County be weighing in on Fort Ord road projects on the Peninsula?
- Will Seaside/County/DRO/Monterey be represented on MCWD Board?
- Would FORA's "on-base first" policy be followed by successor agencies?
- How will non-voting members be assured that their reuse priorities (e.g. habitat conservation, adequate roadway infrastructure, Highway 1 view shed, affordable housing) are adequately addressed?
- Who will enforce base reuse plan limitations/thresholds?
- Who will do consistency determinations?
- How will the fair and equitable contribution/distribution be maintained?

Single Entity JPA

| Pros | Cons |
|---------------------------------------------|----------------------------------------|
| Program within local agency control | Limited regional powers |
| No additional legislation required | Limited financing mechanisms |
| Preserves BRP/CIP Implementation continuity | FORA contracts-Revised and/or assigned |
| Separate legal entity | Start up costs |
| Single Point of Contact | Lack of regional track record |
| | Less Home Rule |

Multiple Agencies

| Pros | Cons |
|-----------------------------------------------------------------------|----------------------------------------------------------------------------------------------------|
| Function transfers to subject matter agencies | Infrastructure Priorities and timeline |
| No additional legislation required | Financing Rules Change (Taxation v. Nexus) (Shifts burden to job generators from housing) |
| Cities/County control land use and development (Home Rule) | Decentralized BRP/CIP Implementation |
| Cities/County control their own financing districts for local impacts | Non-Fort Ord entities participating in decision making; Representation on Boards (MCWD) |
| Eliminates consistency oversight | PW/BRP/CIP Enforcement – Who & How? |

2017 TTF Recommendation

 Seek extension of CFD/powers for successor

Community Facilities District

- FORA's CFD is a Mello Roos Special Tax District (Government Code section 53311 and following)
 - Does not require a nexus;
 - Allows payment for specified public services and public facilities;
 - Building removal is not currently allowed unless in conjunction with an identified public facility which will remain in existence longer than five years
 - FORA's CFD terminates on FORA dissolution;

 Transfer of CFDs is allowed between County and Cities with written agreement (Mello Roos); no provision for legislated authority to transfer.

Extension Options

- 1. Extend FORA Act; or
- 2. Amend Mello Roos to allow for transfer and continuation

Financing Legislation Options

Request Area Legislators to review legislative options for extending CFD/Financing (i.e. Infrastructure Bank, Mello Roos) powers - with building removal inclusion

| Opportunities | Risk |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| Could provide building removal financing vehicle(s) (Successor/Jurisdictions) Assignment of FORA CFD (Successor/Jurisdictions) Future base closure financing flexibility | Legislative Process (statewide/local) Burden falls to successor agencies to find financing mechanisms |

2017 TTF Recommendation

Utilize Implementation
 Agreement/Percentage assignment for
 jurisdiction's fair and equitable
 contribution to successor to complete
 FORA program

Obligation/Liability Assignments

Real Property Based Obligations

- Assigned to JPA Successor
- Assigned to Land Holding Jurisdictions by existing Implementation Agreement formula
- Administrative/Organizational Liabilities

Assigned to all current Voting Members

Fair and Equitable Implementation Agreements

Fair and equitable share means a financial contribution to FORA to be applied toward a jurisdiction's share of basewide mitigation measures and basewide costs.

- A. Land sale or lease proceeds (50%)
- B. FORA tax share health-safety code 33492.70
- C. FORA fees and assessments
- D. Less jurisdiction performance of basewide mitigation measures and/or costs

Policy Considerations

- Should land use jurisdictions and voting members be required to participate in paying for administrative liabilities?
 - TTF majority recommended that voting members participate in administrative liabilities by voting percentage
- How are obligations built, funded and retired?
 - Continue Implementation Agreement formula (or change formulas?)
 - How is Fair and equitable contribution/distribution maintained if funding mechanism changed and/or CIP is not completed?
 - Does the recommended funding mechanism complete the CIP obligations?
- Who prioritizes CIP obligations? When do CIP obligations get built?
 - TTF recommended that a single entity JPA would be best positioned to coordinate and implement the remaining CIP

Next Steps

- Board direction regarding TTF recommendation (adopt/adjust/more info?)
 - Create single entity successor (JPA)
 - Seek extension of CFD/powers for successor
 - Utilize Implementation Agreement/Percentage assignment for jurisdiction's fair and equitable contribution to successor to complete FORA program
- 2. Future Meeting(s)
